

# Answer Key

## Guided Reading on Early Civilizations of India

**Directions** – Complete the following guided notes by reading pages (170 – 174) in your *World Cultures: A Global Mosaic* textbook.

### Indus Valley Civilization

- 1) India's first civilization was one of the largest in the world, extending almost **1,000** miles inland from the **Arabian** Sea.
- 2) The cities of **Harappa** and **Mohenjo-Daro**, in present-day Pakistan, were the most important.
- 3) To support such cities, rulers of the Indus River Valley civilization must have collected **taxes** in the form of **food**.
- 4) They grew **barley**, **wheat**, **peas**, and **sesame**.
- 5) Many kept **cattle**, **sheep**, **goats**, and **water buffaloes**.
- 6) Perhaps **Harappan** merchants exported **cotton** to the **Middle East**.

### Unsolved Puzzles

- 7) Indus Valley craft-workers made these seals, carving **pictographic** writing and figures of **animals** on them.
- 8) Unfortunately, scholars have been unable to **decipher**, or determine the meaning of, the writing.
- 9) Other statues suggest that **animals**, especially **cattle**, also had religious importance.

### Decline of the Indus Valley Civilization

- 10) By about **2000** B.C., the cities showed signs of decay.
- 11) Without surplus **crops**, farmers could not provide **food** for the cities.
- 12) Scholars think that the **Dravidian** people who live in **Southern** India today may be descended from these Indus Valley settlers.

### Arrival of the Aryans

- 13) The arrival of a **nomadic** and **warlike** people, the **Aryans**, may have contributed to the final collapse of the Indus Valley civilization.
- 14) The Aryans swept into India through the **Hindu Kush** Mountains, but they came from the region of the **Caucasus** Mountains.
- 15) Their successes was due in part to their **iron** weapons and were skilled **charioteers**, who used fast, **horse-drawn** war chariots to overpower their enemies.
