A History of Civilization in Palestine Robert Alexander Stewart Macalister,1921 Palestine Nur Masalha,2018-08-15 This rich and magisterial work traces Palestine s millennia old heritage uncovering cultures and societies of astounding depth and complexity that stretch back to the very beginnings of recorded history Starting with the earliest references in Egyptian and Assyrian texts Nur Masalha explores how Palestine and its Palestinian identity have evolved over thousands of years from the Bronze Age to the present day Drawing on a rich body of sources and the latest archaeological evidence Masalha shows how Palestine s multicultural past has been distorted and mythologised by Biblical lore and the Israel Palestinian conflict In the process Masalha reveals that the concept of Palestine contrary to accepted belief is not a modern invention or one constructed in opposition to Israel but rooted firmly in ancient past Palestine represents the authoritative account of the country s history

Early History of the Israelite People Thompson,2021-11-08 This is a groundbreaking book on the origins of Israel taking into account the contexts of geography anthropology and sociology and drawing on a careful analysis of archaeological and written evidence Thompson argues that none of the traditional models for the origin of biblical Israel in terms of conquest peaceful settlement or revolution are viable The ninth and eighth century BC State of Israel is a product of the Mediterranean economy The development of the ethnic concept of biblical Israel finds its context in history first at the time of the Persian renaissance The volume presents a clear historical context and an interpretative matrix for the Bible
