Candlelight Romances Outlet, Outlet Book Company Staff, Random House Value Publishing Staff, Rh Value Publishing, 1988-12 Free Clinics Virginia M. Brennan, 2013-05-15 Free clinics and student run clinics are an essential part of America's health care safety net. In community after community pro bono and student run health clinics have sprung up over the past 30 years providing critically needed care to medically underserved populations. Free Clinics is a mosaic formed by accounts of such clinics around the United States. These wide ranging narratives from urban to rural from primary care to behavioral health care provide examples that will assist other communities seeking to find the model that best fits their needs. The Patient Protection and Affordable Care Act has improved access to health care for many Americans but millions remain and will remain uninsured or underinsured. Free clinics provide non-emergency care to those in need. Nationwide professionals can be found offering volunteer services at these clinics. Contributors to this volume typically people with personal familiarity as clinicians or area residents with the clinics they write about cover a variety of topics including a review of the literature, data driven accounts of clinic usage and ethical guidelines for student run clinics. They describe the motivations of clinic staff, the day to day work of a family nurse practitioner working in clinics and teaching at a university, the challenges and rewards of providing health care for homeless people and more. Student run clinics are the topic of the second section in addition to providing care to a small subset of those in need, student run clinics are an important venue for training future clinicians and helping the seeds of altruism with which many enter their professions to germinate. Free Clinics will be useful to policymakers, students and faculty in public health and health policy programs and clinicians and students who are embarking on launching new clinics. *Pacific Coast Journal of Nursing* , 1926 **Mental Hygiene News** , 1971 The Rotarian , 1996-12 Established in 1911 The Rotarian is the official magazine of Rotary International and is circulated worldwide. Each issue contains feature articles, columns and departments about or of interest to Rotarians. Seventeen Nobel Prize winners and 19 Pulitzer Prize winners from Mahatma Gandhi to Kurt Vonnegut Jr have written for the magazine.

The Athenaeum , 1848 **Athenaeum and Literary Chronicle** , 1848 **Baltimore and Ohio Employes Magazine** , 1955 *Hispanic-Serving Institutions in American Higher Education* Jesse Perez Mendez, Fred A. Bonner II, Josephine Méndez-Negrete, Robert T. Palmer, 2023-07-03 This is the first book to exclusively address Hispanic Serving Institutions (HSIs) filling a major gap in both the research on these institutions and in our understanding of their approaches to learning and their role in supporting all students while focusing on Hispanic students. Born out of the reauthorization of the Higher Education Act of 1992 and are classified as such if their enrollment of Latino students account for a quarter of their undergraduate enrollment, the number of HSIs and their impact in higher education is growing. Today there are approximately 370 HSIs, 277 emerging HSIs and their numbers are steadily increasing. Given the projected growth of the Latino population and HSIs record of advancing the success for Hispanic students in STEM fields as well as of graduating

nearly a third of all Hispanic bachelor s degree recipients their work has important implications for higher education at large Written by leading and rising scholars on HSIs this book offers insight into the complexity of these institutions It not only addresses historic policy origins but also describes the experiences of various student populations served faculty issues i e governance diversity work life experience etc the impact of student affairs in advancing student development and considers funding and philanthropy efforts The book also critically examines challenges that many of these institutions face disjointed mission statements regarding support of their Latino a student populations governance structures that support the status quo and the financial incentive to achieve HSI designation that may not correlate with enhancing the climate for Latinos This book touches on the many facets of HSIs painting an organic mosaic of institutions in position to advance Latino postsecondary progress both chronicling the contemporary challenges that these institutions face while also looking to their future

Beyond the Self James L. Furrow, 2019-10-09 Beyond the Self grew out of a conference of developmental scientists who examined the ways that young people were developing understandings of self that anchored youth to something larger than their own personal competencies and success Each of the papers drew on the question of how one locates the formation of identity within the scope of different transcending demands or influences This special issue is organized into three parts moral civic and cultural and religious identity but are not exclusive in their focus on these themes as many of the sections provide a more integrated view of human development In sum these articles recognize that the search for identity and purpose within adolescence is informed by a multiplicity of voices
