

People are drawn to films for a variety of reasons—some for a precious few hours of escapism; others to find out some new truths about the world we live in. *Princess Mononoke* is one of those rare, complex pieces of cinema that has something to offer its viewer no matter what brings them in front of the screen. Released in 1997, *Princess Mononoke* was met with sweeping success across all of Japan—and this comes as no surprise. Its writer and director, Hayao Miyazaki, is one of the most famous names in Japanese cinema, and *Princess Mononoke* is the 10th feature film release of Miyazaki's world-acclaimed film studio, Studio Ghibli.

Princess Mononoke is set in the Muromachi period of Japan (roughly 1333–1573), reimagined through the lens of the fantasy genre. This epic tale tells the story of Ashitaka, prince of an Emishi Village, who is placed under a deadly curse by a corrupted boar god. Ashitaka must journey West to find a cure for his curse. With his faithful red elk, Yakul, he begins his journey, and after some time finds himself in an enchanted forest, populated by spirits and animal gods. Ashitaka is soon embroiled in a conflict between the creatures of the forest and the nearby settlement of Irontown, whose leader, Lady Eboshi, looks to drain the forest of its natural resources, and take the head of the Great Forest Spirit.

Part of what makes *Princess Mononoke* so compelling is its complexity—a complexity that begins with its characters. Prince Ashitaka doesn't carry himself with the blustering force of many young protagonists in animated films; rather, his presence is quiet, understated. He can be a man of action when the occasion calls for it, but our young hero seems more intent on understanding and harmony. There is no true evil within this film—this would be far too neat a simplicity. Lady Eboshi, perhaps the closest thing this tale has to a villain, is not evil, but recklessly ambitious. She is somewhat redeemed, however, by her compassionate nature; she may look to steal the head of a god, but she also takes in lepers and prostitutes when no one else will.

This film is not interested in dictating to its viewer how they should feel. In fact, with its animation style and artistic direction, *Princess Mononoke* invites contemplation. Scenes of action and dialogue are interspersed with small, understated moments of quiet: shots of rain pattering against stones; sweeping views of grassland and mountains; scenes where Ashitaka feeds his loyal red elk, Yakul. In an interview with Roger Ebert, Miyazaki discussed these moments of intentional emptiness: "We have a word for that in Japanese. ... It's called *ma*. ... If you just have non-stop action with no breathing space at all, it's just busyness. But if you take a moment, then the tension building in the film can grow into a wider dimension."

The beautiful simplicity of Miyazaki's animation—its clean lines, and the film's palette of rich, vibrant greens—plays a crucial part in his deployment of intentional emptiness. Even when nothing is happening on screen, it is a joy to let yourself sink into the movie. Despite the film's bleaker themes, these moments of beauty provide moments of escape and renewal for the viewer. Of course, any review of *Princess Mononoke* would not be complete without a mention of Joe Hisaishi's gorgeous score: grand, sweeping orchestral pieces, occasionally broken through with the plaintive whistle of a bamboo flute. The music in this film, together with the breathtaking animation, elevates it to the level of enchantment.

Princess Mononoke's powerful complexity begins with its writing. The compelling characterization of its characters draws you into their world, their conflicts. But only a master storyteller and animator such as Miyazaki could develop this so wonderfully. The film's masterful animation and spellbinding score draw the viewer in further, inviting them to contemplate the key themes of the film. But what sets *Princess Mononoke* apart, even from other excellent works of animation, is its willingness to let its audience sit in intentional quiet.

How To Write A Review Paper On A Movie

Jonathan Silverman, Dean Rader

How To Write A Review Paper On A Movie:

The Complete Guide to Article Writing Naveed Saleh, 2014-01-14 Master the art of article writing The world of journalism is changing rapidly and the modern journalist needs more than a basic knowledge of article writing to navigate it The Complete Guide to Article Writing provides a compass for freelancers and students of journalism looking to write successfully on a wide variety of topics and for many different markets both in print and online From researching and interviewing to writing features reviews news articles opinion pieces and even blog posts this one stop guide will illuminate the intricacies of article writing so you can produce entertaining informative and salable articles Learn how to write coherently cohesively and concisely Choose the proper structure for the article you want to write Weave narrative and fact seamlessly into your pieces Develop your freelance platform with the latest in social media outlets Pitch your ideas like a pro Develop a professional relationship with editors And much more Modern journalism can be a treacherous terrain but with The Complete Guide to Article Writing as your companion you ll not only survive the journey you ll be able to write pieces that inform entertain inspire delight and sell

The Bedford Guide for College Writers with Reader, Research Manual, and Handbook with 2009 MLA and 2010 APA Updates X. J. Kennedy, Dorothy M.

Kennedy, Marcia F. Muth, 2010-04 When it was first published twenty years ago The Bedford Guide for College Writers brought a lively and innovative new approach to the teaching of writing Since that time authors X J and Dorothy M Kennedy have won praise for their friendly tone and their view apparent on every page of the text that writing is the usually surprising often rewarding art of thinking while working with language More recently experienced teacher and writer Marcia F Muth joined the author team adding more practical advice to help all students even those underprepared for college work become successful academic writers While retaining the highly praised Kennedy touch The Bedford Guide continues to evolve to meet classroom needs The new edition does even more to build essential academic writing skills with expanded coverage of audience analysis source based writing argumentation and reasoning and more

American Monthly Review of Reviews

Albert Shaw, 1928 *The World is a Text* Jonathan Silverman, Dean Rader, 2006 The book teaches readers the usefulness of learning to actively read their surroundings The new edition features a greatly expanded section on writing editing and making arguments This cultural studies reader directly engages the process of writing about the texts one sees in everyday life Its comprehensive and inclusive approach focuses on the relationship between reading traditional works such as short stories and poems and other less traditional ones such as movies the Internet race ethnicity and television For anyone who

enjoys provocative and engaging material and is interested in developing an appreciation for diverse cultural literary works

Qualitative Research Methods in Education and Educational Technology Jerry W. Willis, 2008-10-01 Qualitative Research Methods in Education and Educational Technology was written for students and scholars interested in exploring the many qualitative methods developed over the last 50 years in the social sciences The book does not stop however at the boundaries of the social sciences Social scientists now consume and use research methods from many fields The rich resources of research methods and theories from both the humanities and philosophy are also covered in this book It explains why postpositivist quantitative research should not be the only game in town and provides solid theoretical foundations beginning with the positions of Plato and Aristotle for broadening our horizons about what warrants our attention Using Aristotle's concept of phronesis the author shows why methods such as narrative research and storytelling hermeneutic inquiry literary theory philosophical inquiry and much more have important applications in education and educational technology On those foundations the author also builds a framework for doing many types of research from participatory action research to content analysis to postmodern case studies to empowerment research and philosophical inquiry He accomplishes this through a combination of original text summaries of exemplary research in education and educational technology and suggested readings that are annotated and introduced at the end of each chapter Many of these readings are available online and they extend the discussion of research methods or serve as exemplars of a particular type of educational technology research There are open ended and conceptual questions for each reading and developing your own answers to them is one way you can extend your depth of understanding about qualitative research methods in education and educational technology
