Flash for the Real World Steve Street, 2001. E-commerce case studies from one of the leading Flash developers. The Furniture.com Room Planner case study is worth the price of the book. This application has yet to be duplicated in the market due to its uniqueness and complexity. The accompanying CD contains every case study and source code. E-commerce Flash applications taught by a recognized leader in Flash site integration. This book showcases in depth case studies directed to intermediate, advanced and professional Flash developers. The advanced case study will mention additional web technologies such as ASP, JavaScript and SQL Server but these technologies will not necessarily need to be fully understood by the reader. This book caters to intermediate to advanced Flash developers who are looking for insight about how to develop Flash animations and applications. They will also look to this book for the actual source code to the case studies showcased. Many of the potential readers will recognize the Furniture.com Room Planner application and purchase the book for this case study alone. Steve Street has a Bachelor of Fine Arts in Graphic Design and has been working in the creative industry for 13 years and in the interactive arts for 8 years. For four years Steve was the Director of Interactive Services for a Cambridge MA Internet consulting company. Steve also acted as Executive Producer and Director of Engineering for Furniture.com. Steve is now an independent consultant for his own company Hookumu Interactive Solutions developing highly interactive projects for a broad range of clients.
