Recreation and Style Brigid Maher, 2011-05-18 This volume explores the translation of literary and humorous style including comedy irony satire parody and the grotesque from Italian to English and vice versa The innovative and interdisciplinary theoretical approach places the focus on creativity and playful rewriting as central to the translation of humour Analysing translations of works by Rosa Capiello Dario Fo Will Self and Anthony Burgess the author explores literary translation as a form of exchange between translated and receiving cultures In a final case study she recounts her own strategies in translating the work of Milena Agus exploring humour creation and recreation from the perspective of the translator and demonstrating the benefits of critical engagement with both the theory and the practice of translation This unique contribution to the study of humour and literary style in translation will be of interest to scholars of translation humour comparative literature and literary and cultural studies **The Old English Drama: The second maiden's tragedy.- A pleasant conceited comedy.- The ball.- The rape of Lucrece.- v.2 Love's mistress, or the queen's masque.- Albertus Welenstein.- Dido, queen of Carthage.- The lady's privilege ,1825** **The Plays and Poems of William Shakspeare: Two gentlemen of Verona. Eoyang,2021-11-01 This eclectic collection of essays focuses on a number of intriguing issues in translation some of these polemic essays challenge certain widespread beliefs and practices for example the belief that humor is untranslatable the assumption that translations are always inferior to the originals the spread of translations that are more impenetrable to the target audience than the originals ever were to the source language audience above all the notion that translation is a marginal rather than a major area of study indeed as one essay suggests translation may represent a model of thought and translating a mode of thinking These essays also consider the international trade in translations the ratio of translations out of the language and of translations into the language as a possible index to historical development analyze the humor that can be translated as well as the humor that cannot be translated uncover the implicit indicators of time and place in traditional Chinese poetry offering thereby a study in comparative deictics examine the hermeneutics of Old Testament exegeses which unlike the modern world privileged the oral over the written word discuss the subtle but definable differences between translations that appropriate previous versions by way of allusion and quotation and translations that merely plagiarize In the final section entitled *Divertissements* Eugene Eoyang provides an exposition of his translation of a poem first published in the People's Daily and since banned that contained a hidden and decidedly hostile acrostic in which the challenge was not only to convey the original meaning but also to preserve the disguise of the original meaning in the Chinese text The translation appeared in The New York Times He also offers a wry typology of translators comparing them metaphorically and paronomastically to different species of birds in a concluding coda he excavates the place names in bicultural and multilingual Hong Kong uncovering not only translations and transliterations but also heteronyms different names for the same place as well as remarkably phononyms names where the pronunciation of a word in one language happens to coincide with a word in another language with the same meaning The result is a provocative potpourri of fascinating insights into the cultural and semiotic complexities of translation that will surely interest students of translation literature linguistics and history as well as the informed general reader
