children's picture books most of them published in the last three decades in English introduce children to art and art museums. It considers how the books emerge from and relate to a range of theories and assumptions about childhood and childhood development, children's literature and culture, illustration, visual art, museology and art education. As well as examining how these theories and assumptions influence what picture books teach young readers about visiting museums and about how to look at and think about art, it examines which artists and artworks appear most often in picture books and offers a survey of different kinds of art-related picture books: ones that claim to be purely informational, ones that make looking at art a game or a puzzle, ones in which children visit art museums and many more. Since the books all include reproductions of or allusions to museum artworks, the study also considers the problems illustrators face in depicting museum artworks in illustrations in a different style.

Katie: Katie and the Mona Lisa James Mayhew, 2016-11-01 Join Katie as she steps into some of the most famous paintings in the world for an exciting art adventure. When the Mona Lisa's smile goes missing, it's up to Katie to help find it again. On the way, they meet a princess, a dragon, a winged lion, and an angel. But can Katie make the Mona Lisa smile again? A wonderful way to engage children with art. A brilliant combination of education and storytelling. Parents in Touch: Katie's Picture Show. This first introduction to Italian Renaissance art features five great masterpieces: Mona Lisa by Leonardo da Vinci, St. George and the Dragon by Raphael, Primavera by Sandro Botticelli, The Lion of St. Mark by Vittore Carpaccio, and An Angel in Red with a Lute by Giovanni Ambrogio de Predis. Classic picture book character Katie has been delighting children for over 25 years. Why not collect all 13 titles in the series: Katie's Picture Show, Katie and the Impressionists, Katie and the Sunflowers, Katie and the British Artists, Katie and the Waterlily Pond, Katie and the Starry Night, Katie and the Spanish Princess, Katie and the Bathers, Katie in London, Katie's London Christmas, Katie in Scotland, Katie and the Dinosaurs.

The Visioning Susan Glaspell, 1911 This is a pre-1923 historical reproduction that was curated for quality. Quality assurance was conducted on each of these books in an attempt to remove books with imperfections introduced by the digitization process. Though we have made best efforts, the books may have occasional errors that do not impede the reading experience. We believe this work is culturally important and have elected to bring the book back into print as part of our continuing commitment to the preservation of printed works worldwide.

Talking Beyond the Page Janet Evans, 2020-10-28 Talking Beyond the Page shows how different kinds of picturebooks can be used with children of all ages and highlights the positive educational gains to be made from reading, sharing, talking, and writing about picturebooks. With contributions from some of the world's leading experts, chapters in this book consider how children think about and respond to visual images and other aspects of picturebooks; children's responses can be qualitatively improved by encouraging them to think and talk about picturebooks before, during, and after reading them; the non-text features of picturebooks, when considered in their own right, can help readers to make more sense out of the book; different kinds of picturebooks, such as wordless, postmodern, multimodal, and graphic novels, are structured so children can respond

creatively to picturebooks as art forms picturebooks can help children deal with complex issues in their lives Talking beyond the Page also includes an exclusive interview with Anthony Browne who shares thoughts about his work as an author illustrator This inspiring and thought provoking book is essential reading for teachers student teachers literacy consultants academics interested in picturebook research and those organising and teaching on teacher education courses in children s literature and literacy
