Tackling the history of race relations, global migration, and the changing tension between high and low culture, author Matt Brennan makes the case for the drum kit's role as one of the most transformative musical inventions of the modern era. *Kick It* shows how the drum kit and drummers helped change modern music and society as a whole from the bottom up.

While focusing primarily on music for large ensembles like orchestra and chorus, author Russ Girsberger also includes concepts that apply to wind, jazz, and chamber ensembles.
