Learn to Draw - Manual Drawing - for the Absolute Beginner John Davidson, 2013-05-15 Learn to Draw Manual Drawing for the Absolute Beginner If you are an artist in search of further knowledge about drawing to enhance your skills then this is not the book for you This book is for the individuals who wants to be an artist but know nothing about drawing I know how it feels when you want to illustrate an idea but you just don't know how to start And when you finally grabbed the confidence to mark that paper but then it turned out really terrible and you didn't want to show it to anyone Table of contents INTRODUCTION GETTING STARTED How to grip a pencil properly Warming up SKETCHING Starting with sticks and shapes DETAILING Design Texture SHADING Casting shadows Hatching Cross hatching Scumbling Stippling Smudging and layering Smudging Layering This instructional manual is for making the two circles cat of yours into something more pleasing and distinguishable for enhancing that sheep which looks like a cloud with a face for turning your stick figures into cartoons and more Learn the very basics of drawing easily by following this step by step tutorial and realize that drawing is something that is fun to do and not something that becomes a cause of frustration To give you a hint of what this book is all about look at this short list of tasks that you will learn to properly initiate after reading and following the tutorial Tasks Start with a loose sketch You need to define the first look of your drawing by sketching it first so it could serve as a pattern for your permanent outlines defined outlines If the lay out of your primary sketch is too far off from the final piece that you are after the latter parts are going to be difficult Define permanent outlines Trace your sketch to clearly define the contour shape primary shape of your drawing and clean it up by erasing the sketch markings Show illustrate some texture Texture contour provides a better portrayal of the shape's dimension values The details such as scales fur or any print and texture should curve and flow with the contour shape of your subject and adjust with it accordingly Draw the necessary details Use a variety of line thickness and line weight given pressure on the pencil to show the right balance to the whole drawing use thick lines for the parts that should visually dominate the drawing and less visible and thin lines for the secondary details and parts that merely describe the object subject's form *How to Be a Good Home Nurse - Tips on your family's health* John Davidson, 2013-05-15 How to Be a Good Home Nurse Tips on your family's health Table of Contents Introduction Failure to Follow a Doctor's Instructions Rest and Quiet for Your Patient Take Your Prescribed Medicine Regularly Seeking Medical Help Too Late When to See a Doctor Overuse or misuse Of Medications Laxatives Natural Vitamins and Chemical Supplements Medical Records Accidents Just Waiting to Happen Taking Medical Health Training Attention to the Family's Diet Cannot Do without Junk Food Potato Chips at Home Spicy Salt Healthy Mix to Sprinkle on Salads Onion Flakes Taking Care of Your Patient at Home Medications Making a Natural VapoRub The Patient's Diet Food for the Sick Recipe for Invalid Chicken Broth Basic Egg omelets French omelets Spanish omelet Traditional Lemon Squash Nimbu pani lit lemon water Tapioca Pudding Onion Soup Traditional Tomato Cheese Rarebit How to Become A Home Health Aide State Requirements for

Home Health Aides Conclusion Author Bio Introduction Each of us is growing older with every passing moment and most of us subconsciously have a nagging worry about who is going to take care of us when we get old or when we are sick Women far more than men dread the idea of growing old That is because they subconsciously have the fear that there will be nobody to take care of them then they grow comparatively old and helpless The first adjustment to this idea comes in middle age with its foreshadowing of old age This is when middle aged people begin to think about the next stage of life If a woman has devoted her life to being the center of her family she may look ahead fearfully to the days to come when her children will be adults and will have flown the nest If she has a happy married life she knows that she has her partner who is going to grow old with her But unfortunately sometimes it just happens that homes break up and many people find themselves approaching middle age and future old age in loneliness That is when they begin to take good care of their finances so that they have enough of money which they can utilize when they are old Among all the impermanent and threatening shadows of the days to come a woman may have before her the example of some cantankerous old lady who has become an unloved and unwelcome burden to her children demanding and less attention from some already hard pressed daughter in law or daughter And this condition worsens if that person is ill In the East where the idea of sending parents to an old age home is still something of which one thinks of with loathing and abhorrence nursing of the eldest generation is done at home Affluent families keep home nurses who are professional Other not so affluent families take care of the elders not because it is their duty but because it is part of the Eastern and Oriental social fabric coming down the ages However this idea is slowly being eroded in many cities because the children are more bothered about making money instead of giving proper care to their elders The elders also try their best to keep away from under the children s feet and make sure that they are financially secure The day of the joint family is slowly and steadily disappearing when the younger generations used to take care of the older generations It is often said by Easterners that in many countries in the West they have lost the sense of filial duty which still exists in so many Latin and Eastern countries This is where old people are respected and taken into their children s homes Westerners are often accused of heartlessness because so often they send their parents away to live the rest of their lives in an old peoples home This may be right but one cannot generalize
