## Inspired By Your Higher Self

### BYE BYE LAZINESS

**Set clear goals:** Get a journal and write down your goals. Set clear and attainable goals for yourself, both short-term and long-term.

**Prioritize tasks:** Identify the most important tasks that need to be done and prioritize them according to their urgency and importance.

**Break down tasks into smaller steps:** Break down larger tasks into smaller, manageable steps.

**Create a schedule:** Develop a daily or weekly schedule that outlines your tasks and activities. Wherever you go, the schedule will be with you.

**Minimize distractions:** Identify and minimize distractions that can derail your productivity, such as social media, e-mail or noisy environments. Get a study buddy to help you stay focused, in other words, get a Paris Geller.

**Take breaks:** Schedule regular breaks throughout the day to rest and recharge. Prioritize sleep; sleep at least 7-9 hours a day. Always go to bed and wake up at the same time.

**Practice self-discipline:** Develop self-discipline by setting limits, sticking to your schedule and holding yourself accountable for your actions. And the most important question you must ask yourself is: do I really want this? There is no holy grail: you either want it or you don't.

**Stay organized:** Keep your workspace neat and organized to promote mental clarity and productivity. Use tools such as to-do lists, calendars, and task management apps.
