There are no Right Answers to Wrong Questions Peter C. Wilcox, 2016-06-28 Abraham Joshua Heschel said that We are closer to God when we are asking questions than when we have the answers He believed that to be a Christian is not to be a person who knows all the answers but one who lives in the part of the self where the question is constantly being born Most of us don't think very much about our questions In our culture we are accustomed to being able to find out answers to nearly any question just by typing it into Google search or asking Siri But behind any answer there is always a question Sometimes the question isn't clear to us sometimes it is not very well articulated even to ourselves But it is always there In over thirty years as a psychotherapist and spiritual director Peter C Wilcox has seen how the questions people ask themselves have shaped their lives in some very important ways This book is an invitation to see how important it is to learn how to ask the right questions about our lives This is because our choice of questions leads us on a path of discovery towards answers that help us to grow spiritually and psychologically Our questions orient our lives and give direction to us We will see that they enable us to make fifteen choices that have a tremendous impact on the kind of person we become *The Bible's Greatest Questions Answered* Kuda Mupfeka Sr, 2014-05 This book is an amalgamation and skillful blending of revelation spiritual insight academics research and refined biblical theology This work caters for the unbeliever born again Charismatic Pentecostal Evangelical mainline Religious Traditionalist student skeptic and atheist there is something for everyone in this revered and well researched work This is one of the few books of its kind that blends scholastic wisdom academic research and historical actualities with fresh bible based revelation The author does not bid to coax or cajole you to go with his school of thought neither does he bestow a myopic viewpoint but uses The Word to explain The Word and balances it with authentic historical facts substantiated theological facts and leaves you in a place where you can choose either to believe history astuteness scripture or academics which are all intermarried in this imposing and revered work Go through this work not as a denigrator but as a student maintain an open mind and you will just be startled how certain mysteries can be solved so simply through divine wisdom that can still be proved by science history actualities and adroitly balanced biblical theology I have also thrown two bonus chapters in this book Chapter 9 that deals with How to Study your Bible in a Transforming Way The chapter will help you to Ask the right questions Read the Bible topically Systematically Maintain an open mind and a receptive spirit Be prayerful and ask for the leading of The Holy Spirit Move in Revelation Knowledge Chapter 10 is the bridge between revelation and scholastic astuteness that will help us in Bringing The Balance I pray that this book will be a great blessing to you and that a hunger for God and for God's Word will arise inside you Read
