Public Service Broadcasting 3.0 Mira Burri, 2015-06-05 The digital media environment is characterized by an abundance and diversity of content a multiplicity of platforms new modes of content production distribution and access and changed patterns of consumer and business behaviour This has challenged the traditional model of public service broadcasting PSB in diverse ways This book explores whether and how PSB should adapt to reflect the conditions of the digital media space so that it can effectively and efficiently continue to serve its public mandate Drawing on literature on media governance in media and communication science public international law as well as discussions on cyberlaw Mira Burri maps and critically analyses existing policy and scholarly debates on PSB transformation She challenges some of conventional rationales for

reform identifies new ones as well as exposes the limitations placed upon existing and future policy solutions by global media governance arrangements especially in the fields of trade copyright and Internet governance The book goes on to advance a future oriented model of Public Service Media which is capable of matching an environment of technological and of governance complexity As a work that explores how public interest objectives can be pursued efficiently and sustainably in the digital media ecology this book will be of great interest and use to students and researchers in media law information technology law and broadcast media studies as well as to policy makers

Problems and Perspectives of the Relationship between the Media and Human Rights Paromita Das,Charu Joshi,G. P. Pandey,2017-03-07 In a democratic political system the media is often entrusted with the responsibility of guarding the rights of the people As such it is essential to critically look at its role and functions in our present socio political context This book represents a comprehensive analysis of the following core issues the role of the media in educating protecting and promoting human rights the challenges facing the media and human rights human rights reporting and coverage and the media s role during violations of human rights especially with regards to women The book also contains suggestions and measures to increase awareness on human rights Furthermore it discusses the existing discourse of human rights and the media in India Nepal and Bangladesh

Children in the Online World Elisabeth Staksrud,2016-05-23 What is online risk How can we best protect children from it Who should be responsible for this protection Is all protection good Can Internet users trust the industry These and other fundamental questions are discussed in this book Beginning with the premise that the political and democratic processes in a society are affected by the way in which that society defines and perceives risks Children in the Online World offers insights into the contemporary regulation of online risk for children including teens examining the questions of whether such regulation is legitimate and whether it does in fact result in the sacrifice of certain fundamental human rights The book draws on representative studies with European children concerning their actual online risk experiences as well as an extensive review of regulatory rationales in the European Union to contend that the institutions of the western European welfare states charged with protecting children have changed fundamentally at the cost of the level of security that they provide In consequence children at once have more rights with regard to their personal decision making as digital consumers yet fewer democratic rights to participation and protection as digital citizens A theoretically informed yet empirically grounded study of the relationship between core democratic values and the duty to protect young people in the media sphere Children in the Online World will appeal to scholars and students across the social sciences with interests in new technologies risk and the sociology of childhood and youth Book The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license

Global Media Ethics and the Digital Revolution Nouredine Miladi,2021-11-29 This volume responds to the challenges posed by the rapid developments in satellite TV and digital technologies addressing media ethics from a global

perspective to discuss how we can understand journalism practice in its cultural contexts An international team of contributors draw upon global and non Western traditions to discuss the philosophical origins of ethics and the tension that exists between media institutions the media market and political ideological influencers The chapters then unveil the discrepancies among international journalists in abiding by the ethics of the profession and the extent to which media ethics are understood and applied in their local context environment Arguing that the legitimacy of ethics comes not from the definition per se but from the extent to which it leads to social good the book posits this should be the media's raison d'être to abide by globally accepted ethical norms in order to serve the common good Taking a truly global approach to the question of media ethics this volume will be an important resource for scholars and students of journalism communication studies media studies sociology politics and cultural studies

Cultural Policies in the Era of the Korean Wave Taeyoung Kim,2025-06-30

Cultural Policies in the Era of the Korean Wave explores how the state instrumentalises cultural industries despite the bulk of their production and delivery mechanisms becoming subject to the market logic and foreign stakeholders through an in depth study of the South Korean government's cultural industry policies Drawing on interviews with policymakers and producers in the Korean film music and television industries it investigates how the government's policy schemes ranging from funding programmes and public agencies established to promote cultural industries to the blacklisting of those opposing the administration's political agendas demonstrate the government's strong desire to influence cultural production The findings highlight how the state retains political power to instrumentalise cultural products even as market forces shape production mechanisms and genre characteristics that have become increasingly transnational This book sheds new light on how the state approves and reappropriates the doctrines of neoliberal globalisation to serve its interests in instrumentalising culture making it relevant for scholars and students in the areas of media and cultural policy media and cultural industries global media and Asian studies

Actors and Agency in Global Social Governance Alexandra Kaasch,Kerstin Martens,2015-10-22

Actors and Agency in Global Social Governance seeks to advance our understanding of the global dimension of social policy by applying the notion of global social governance on actors their relations to each other and their pathways as well as their footprints of influence in the specific policy fields of social concern in which they are active Focusing on a broad array of

individual and corporate global social policy actors ranging from internationally operating intergovernmental organizations to state formations and NGOs the contributions to this volume draw a fuller picture of agency in global social policy than what current accounts provide It considers the multiple facets of individual scope and legitimacy for a particular actor in conjunction with the configuration of global social governance as characterised by multi centred and multi scaled obstacles as well as diverse forms of collaboration The volume studies the contextualised actor s range and power in designing shaping and facilitating various global social policies Thus the contributions discuss the role of particular corporate actors within global social policy structures and assess the impact of a number of key organizations states groups and individuals in the governance of global social policy At the same time a variety of social policy fields in which these actors are involved are addressed including labour market issues family policy health policy education policy migration issues and global re distribution via various forms of development aid or remittances

Cosmopolitan Communication Studies Carola Richter,Melanie Radue,Christine Horz-Ishak,Anna Litvinenko,Hanan Badr,Anke Fiedler,2025-04-17 This volume proposes a deep internationalization of media and communication studies by offering insights and guidance on how to integrate a cosmopolitan perspective in a variety of subfields of this discipline Building on debates on de Westernization and cosmopolitanism the contributors advocate for the inclusion of both global and local perspectives and context led approaches They argue that acknowledging and incorporating epistemologies topics and methodologies from diverse regions contexts and backgrounds will enhance the comprehensiveness and relevance of their discipline and foster a more inclusive and meaningful understanding in communication studies

Media Regulation Peter Lunt,Sonia Livingstone,2011-11-28 An exemplary study of how media regulation works and by implication how it could work better set within a wider discussion of democratic theory and political values It will be of interest not only to students and scholars but to people around the world grappling with the same problem the need to regulate markets and the difficulty of doing this well James Curran Goldsmiths University of London In Media Regulation two leading scholars of the media examine the challenges of regulation in the global mediated sphere This book explores the way that regulation affects the relations between government the media and communications market civil society citizens and consumers Drawing on theories of governance and the public sphere the book critically analyzes issues at the heart of today s media from the saturation of advertising to burdens on individuals to control their own media literacy Peter Lunt and Sonia Livingstone incisively lay bare shifts in governance and the new role of the public sphere which implicate self regulation the public interest the role of civil society and the changing risks and opportunities for citizens and consumers It is essential reading to understand the forces that are reshaping the media landscape

The Routledge Handbook of Soft Power Naren Chitty,Lilian Ji,Gary D Rawnsley,Craig Hayden,2016-11-03 The Routledge Handbook of Soft Power is the first volume to offer a comprehensive and detailed picture of soft power and associated forms of public diplomacy The terms soft power and public diplomacy have enormous currency in media and

policy discourse yet despite all the attention the terms remain conceptually ambiguous for analysts of international influence. The consequence is that the terms have survived as powerful yet criticized frames for influence. Divided into two main parts, Part I outlines theoretical problems, methodological questions, the cultural imperative, and the technological turn within the study of soft power, and Part II focuses on bringing the theory into practice through detailed discussion of key case studies from across the Americas, Europe, the Middle East, Africa, and Asia. This innovative handbook provides a definitive resource for students and scholars seeking to familiarize themselves with cutting edge debates and future research on soft power and will be of interest to those studying and researching in areas such as international relations, public diplomacy, and international communication.
