Best Practices Are Stupid Stephen M. Shapiro, 2011-09-29 What if almost everything you know about creating a culture of innovation is wrong What if the way you are measuring innovation is choking it What if your market research is asking all of the wrong questions It's time to innovate the way you innovate Stephen Shapiro is one of America's foremost innovation advisers whose methods have helped organizations like Staples GE Telefunics NASA the U S Air Force and USAA He teaches his clients that innovation isn't just

about generating occasional new ideas it's about staying consistently one step ahead of the competition Hire people you don't like Bring in the right mix of people to unleash your team's full potential Asking for ideas is a bad idea Define challenges more clearly If you ask better questions you will get better answers Don't think outside the box find a better box Instead of giving your employees a blank slate provide them with well defined parameters that will increase their creative output Failure is always an option Looking at innovation as a series of experiments allows you to redefine failure and learn from your results Shapiro shows that nonstop innovation is attainable and vital to building a high performing team improving the bottom line and staying ahead of the pack The Sustainability Handbook William R. Blackburn,2012 The Sustainability Handbook covers all the challenges complexities and benefits of sustainability for businesses governments and other organizations It provides a blueprint for how organizations can reach or exceed economic social and environmental excellence It offers a host of practical approaches and tools including a model sustainability policy for organizations summaries of sustainability codes and tips on selecting them an extensive collection of metrics and a wealth of supplementary reference material This is the essential reference for every organization in pursuit of sustainability **Good Housekeeping** ,2001 **International Directory of Company Histories** Jay P. Pederson,Thomas Derdak,2004 Multi volume major reference work bringing together histories of companies that are a leading influence in a particular industry or geographic location For students job candidates business executives historians and investors The Best Interface is No Interface Golden Krishna,2015 This book gives students a wildly entertaining visionary piece that offers a compelling new way to see the future of technology They'll learn the fascinating ways to think beyond screens using three principles that can lead toward more meaningful innovation Whether they're working in the technology industry or just concerned about our technological future they'll find this insightful and creative book captivating **Best Buy Book 2003** Consumer Guide,Consumer Guide Editors,2003-03 Easy to understand reviews by impartial experts provide the most up to date information available including specifications warranties and detailed features on electronics computers cellular telephones kitchen appliances and other products
