

Cheat Sheet Hospice Documentation

This cheat sheet covers the key hospice documentation requirements including election statements, certification of terminal illness, recertifications, and face-to-face encounters, ensuring compliance with CMS guidelines.

Category	Documentation details
Beneficiary election statement	Identification of the hospice providing care
	Acknowledgment of palliative vs. Curative treatment
	Acknowledgment of waiving traditional medicare benefits
	Effective date of hospice election
	Designated attending physician information (if applicable)
	Acknowledgment that the attending physician is the beneficiary's choice
	Signed and dated notice of election (noe)
Initial certification of terminal illness (CTI)	Certification signed by attending physician (if applicable) and hospice medical director within two days
	Verbal certification documented (if written cti was not signed in time)
	CTI includes benefit period dates (from and thru dates)
	CTI includes a physician narrative with clinical findings supporting life expectancy of six months or less
	Statement confirming the physician composed the narrative
Subsequent certification (SC)	Recertification statement signed by hospice medical director or physician
	SC signed and dated within two days of the certification period, no earlier than 15 days before certification
	SC includes benefit period dates and a physician narrative
	Attestation statement that the physician composed the narrative
	Face-to-face (FTF) encounter included (if applicable, for third or later benefit periods)
Oral certification	Obtained within two calendar days if written certification was delayed
	Physician providing oral certification is documented
	Statement that the individual's medical prognosis is six months or less

Evidence-Based Practice Improvement Rona Levin, Bonnie Lauder, 2024-02-27 Describes a superior model to guide empirical practice improvement projects This unique text provides the academic and clinical healthcare communities with a tested practical and successful model EBPI to steer evidence based practice improvement projects The model tested in multiple clinical settings is distinguished from similar prototypes by its integration of the best EBP and quality performance improvement principles QI resulting in a highly practical and comprehensible model for guiding students and clinicians work to improve quality outcomes in healthcare The book emphasizes the need for collaboration among all stakeholders particularly those in different disciplines with different perspectives to provide greater clarity and enhance improvement work in a clinical agency It features a blueprint for guiding healthcare improvements based on evidence that incorporates potential changes of direction midstream The book also introduces tools for the evaluation of organizational commitment stakeholder choice and sustainability of improvement projects Section One of the text focuses on the background and development of the original EBPI model followed by in Section Two an elaboration of the components of the new enhanced model EBPI Chapter authors in Section Three describe

how they used the components of the EBPI model discussing lessons learned from its use This section connecting the theoretical basis for this work with real world applications includes a template that readers can use to facilitate their own projects The final section investigates future approaches to improvement work Comprehensive appendices provide useful tools for students and clinicians to use in developing implementing and evaluating any EBPI projects Key Features Describes a practical and successful model incorporating the best of EBP and QI approaches EPBI for improving quality outcomes in healthcare Incorporates a strong focus on how to determine and engage project stakeholders and provides tools for effective decision making Delineates specific methods to develop protocols for a small test of change prior to larger pilot studies Delivers approaches strategies for monitoring and evaluating sustainability Discusses how to assess organizational commitment and conduct stakeholder analyses Creates examples that use each component of EBPI as a template for readers Emphasizes the how to of implementation more than other competitive models

Horticultural Therapy Methods

Rebecca L. Haller,Christine L. Capra,2025-04-29 Horticultural Therapy Methods Connecting People and Plants in Health Care Human Services and Therapeutic Programs was the first text to describe the processes and techniques used to provide horticultural therapy interventions and the rationale for their use The first edition was written to positively impact the professional practice of horticultural therapy and provide an array of strategies for horticultural therapy treatment Prior to its publication the topics had only been addressed by other allied professions but had not been specifically tailored for horticultural therapy The second edition updated the material added essential information on planning treatment sessions and provided techniques to address treatment issues for mental health physical health vocational skills and wellness This third edition revises all chapter content improves and expands appendices adds a chapter on building relationships provides new photos and includes additional case examples in addition to providing discussion questions references further reading and key concepts Horticultural Therapy Methods is a clear instructive manual that explains The process of treatment planning in horticultural therapy Session development including activity or task selections to meet treatment objectives Therapeutic use of self and relationship building Motivation and behavior management techniques Adaptations and modifications to enable and challenge program participants How to maximize active engagement in horticulture and cultivation of plants Treatment documentation guidelines Practical approaches for mental health and other areas of practice Horticultural Therapy Methods Connecting People and Plants in Health Care Human Services and Therapeutic Programs Third Edition is a reference and guide for students educators and those using horticulture for therapeutic purposes to help construct effective treatment programs Health care and human service professionals can use this reference in the therapy treatment and education of inmates residents patients trainees students and others The aim of this book is to guide novice and experienced horticultural therapists to use accepted human service practices that are aligned with allied professions

Hospice Palliative Home Care and Bereavement Support Lorraine Holtslander,Shelley Peacock,Jill Bally,2019-07-17 This

book provides an unique resource for registered nurses working in hospice palliative care at home and for the community outside of acute care settings and also incorporates literature related to palliative care in acute health care settings as part of the overall services and supports required Very few resources exist which specifically address hospice palliative care in the home setting despite the fact that most palliative care occurs outside acute care settings and is primarily supported by unpaid family caregivers An overview of the concerns for individuals and families as well as specific nursing interventions from all ages would be an excellent support for nursing students and practicing registered nurses alike The book structure begins with a description of the goals and objectives of hospice palliative care and the nursing role in providing excellent supportive care Chapters include research findings and specifically research completed by the authors in the areas of pediatric palliative care palliative care for those with dementia and the needs of family caregivers in bereavement Interventions developed by the editors are provided in this book such as the Finding Balance Intervention for bereaved caregivers the Reclaiming Yourself tool for bereaved spouses of partners with dementia and The Keeping Hope Possible Toolkit for families of children with life threatening and life limiting illnesses The development and application of these theory based interventions are also highlighted Videos and vignettes written by family caregivers about what was helpful for them provide a patient and family centered approach div The book will benefit nursing students educators and practicing registered nurses by providing information theory and evidence from research
