The Guide to American Law Supplement ,1994

Fast Guy Slows Down Wred Fright,2022-03-17 Superman was first published in 1938 so how come he still looks to be about 25 years old in the stories set in 2022 Ditto for all the other superheroes from The Golden Age Of Comics still being published today Why isn t Captain America collecting Social Security Why isn t The Flash using a walker to get around Why isn t The Human Torch complaining about his hip replacement Why isn t Wonder Woman deciding what Medicare plan she wants Why isn t Batman retired Why isn t Plastic Man stretching his dollars to afford his nursing home bills Why isn t The Green Lantern The Green Flashlight by now Er never mind about that last question But the answer to the other ones is money As long as the corporate comics companies can milk money out of them these characters will be kept forever young aside from the occasional imaginary story or whatnot But in stunting their growth only half the story gets told What does happen when a superhero ages with the times and eventually becomes elderly What s so super

about getting old Well it probably beats being dead Just ask Bucky Er never mind Anyway leave it to one of America s worstselling authors who hasn t given up yet to venture in and tell the rest of the superhero story In the case of Harry Fox the superhero known as Fast Guy he finds he can t outrace time or death His worst foe though is an existential crisis brought on by saving the world numerous times only to have it result in a shallow selfish place populated mainly by morons and jerks and sometimes even moronic jerks and jerky morons Living alone in his old ranch house in a town filled with new McMansions he is wondering what to do with himself and worrying about what will happen to the world when he is gone And the reader is left wondering if Harry is really a superhero Although he claims he s saved the world more times than he can remember from nuclear annihilation he delights in pooping on world leaders which sounds more like a supervillain or at the very least a person with issues than it does a superhero Or maybe he s just a lonely old man with a very active imagination In a world less than super can a senior citizen still be a hero Find out in Fast Guy Slows Down *Unspeakable Love* Brian Whittaker, 2011-08-16 Homosexuality is a taboo subject in the Arab world While clerics denounce it as a heinous sin newspapers write cryptically of shameful acts and deviant behaviour Amid the calls for reform in the Middle East homosexuality is one issue that almost everyone in the region would prefer to ignore In this absorbing account Guardian journalist Brian Whitaker calls attention to the voices of men and women who are struggling with gay identities in societies where they are marginalised and persecuted by the authorities He paints a disturbing picture of people who live secretive fearful lives and who are often jailed beaten and ostracised by their families or sent to be cured by psychiatrists Deeply informed and engagingly written *Unspeakable Love* reveals that while deeply repressive prejudices and stereotypes still govern much thinking about homosexuality there are pockets of change and tolerance This updated edition includes new material covering developments since the book s first publication
