## **Grant Proposal Self Assessment Tool**

**GrantSAT** is an outstanding tool for evaluating, and hence improving, each section of your grant proposal. It is useful for all grant writers from the novice to the highly experienced. In today's world, where the grants process is highly competitive, it is well worth your time to apply GrantSAT to your proposal.

GrantSAT was developed by the Westinghouse Electric Company under contract to the Coalbed Area Office of the U.S. Department of Energy and is being made available through the DOE/CAD technology transfer program. GrantSAT is being distributed at CMU by the Office of Research and Sponsored Programs under the terms of the copyright permission statement.

*As always the staff of the Office of Research and Sponsored Programs is eager to assist you in all phases of proposal writing from identifying an appropriate funding source to mailing the finished proposal.*

consistently encouraging critical thinking and empirical testing of concepts while avoiding the dogmatic certainty that plagues much spiritual literature His scientific literacy shines through the integration of academic research throughout the text demonstrating genuine engagement with contemporary knowledge rather than anti intellectual rejection of science The author s background as a software developer living on a homestead creates a unique perspective that bridges technological sophistication with natural wisdom His Druidiotic Practitioner persona emerges from real world experience applying chaos theory to both complex systems programming and ecological farming creating a synthesis that feels authentic rather than artificially constructed
