Gamming Is Mind Refreshing Gamming Is Mind Refreshing:

Writing and Developing Social Stories Ed. 2 Caroline Smith, 2017-07-05 This practical resource provides an introduction to the theory and practice of writing social stories In addition there are examples of successful stories to use as guides as well as information and photocopiable and downloadable resources for delivering training on the use of social stories Based on detailed work carried out in homes schools and pre schools this book offers practical support to anyone meeting the needs of a child or young adult with an autistic spectrum disorder and with staff supporting adults with autism Social stories are short stories intended for children and adults with autism to help them understand their social world and behave appropriately within it The stories provide clear concise and accurate information about what is happening in a specific situation outlining both why it is happening and what a typical response might be are written by those directly supporting children or adults with autism and only successful stories are included in the book are infinitely flexible and adaptable to an individual child in an individual social situation FEATURES This 2nd edition has been thoroughly revised and updated throughout It also now contains brand new stories including examples for use by parents at home brand new section on mental health and additional stories for use with adults with autism

Gaming the Stage Gina Bloom, 2018-07-12 Rich connections between gaming and theater stretch back to the 16th and 17th centuries when England s first commercial theaters appeared right next door to gaming houses and blood sport arenas In the first book length exploration of gaming in the early modern period Gina Bloom shows that theaters succeeded in London s new entertainment marketplace largely because watching a play and playing a game were similar experiences Audiences did not just see a play they were encouraged to play the play and knowledge of gaming helped them become better theatergoers Examining dramas written for these theaters alongside evidence of analog games popular then and today Bloom argues for games as theatrical media and theater as an interactive gaming technology Gaming the Stage also introduces a new archive for game studies scenes of onstage gaming which appear at climactic moments in dramatic literature Bloom reveals plays to be systems of information for theater spectators games of withholding divulging speculating and wagering on knowledge Her book breaks new ground through examinations of plays such as *The Tempest* *Arden of Faversham* *A Woman Killed with Kindness* and *A Game at Chess* the histories of familiar games such as cards backgammon and chess less familiar ones like *Game of the Goose* and even a mixed reality theater videogame
