Running 5K and 10K David Chalfen, 2014-09-30 Today's runners are bombarded with expert opinion on how to run faster and often spend more and more money on trying to do so. Running 5K and 10K: A Training Guide is an accessible jargon-free guide for all distance runners committed to improving their times. It doesn't offer any quick and easy answers; just tried and tested practical advice on how to train more effectively and shave a few seconds or even minutes off your personal best. Aimed at all levels of runner from the complete beginner through to more experienced wanting to improve their times and illustrated with 32 colour photographs and 16 diagrams. **Trail Running Bend and Central Oregon** Lucas

Alberg, 2016-03-21 Trail Running Bend and Central Oregon is an extensive guide to the best trail running in one of the country's top outdoor destinations. Author and trail runner Lucas Alberg provides detailed descriptions of the area's best loop runs including several new trails added within recent years. From classic high desert runs to the east in the Badlands to mountain escapes and high alpine scenery to the west in the Cascades, the guide highlights the unique and diverse geography that Central Oregon has to offer. Unlike other guidebooks, Trail Running Bend and Central Oregon is organized by season so runners can know when to hit the right trails at the right times throughout the year. The 50 routes described in the book are all located within 65 miles of Bend, which means that trail runners will spend more time doing what they love to do instead of spending time behind the windshield in anticipation.

Runner's World, 2008-12 Runner's World magazine aims to help runners achieve their personal health, fitness, and performance goals and to inspire them with vivid, memorable storytelling.
