Language Learning and Intercultural Understanding in the Primary School Wendy Cobb, Virginia Bower, 2021-11-29

Language Learning and Intercultural Understanding in the Primary School shows how to deliver a progressive and holistic embedded language curriculum. It provides guidance on inclusive approaches for students with English as an additional language including native speakers in the target language as well as language awareness activities that maximise links with learning in English. Practical and accessible, it contains classroom examples, plans, resources and pedagogical approaches all underpinned by theory, research and practice. Each chapter examines specific themes relating to language, culture, identity and wellbeing, providing rich discussions and a range of perspectives. Case studies bring to life the examples provided and reflection points offer the reader the opportunity to pause and consider an idea, resource or challenging concept before moving on. Presenting a lived narrative of shared voices, the authors invite readers to learn about their own cultural and linguistic identities and how these relate to their practice. This is a must-read for teachers, language specialists and school leaders who wish for a clear rationale for the role of language, culture, identity and wellbeing within and beyond the curriculum.

You may find yourself in a school that you have never been to before. The students may be strangers to you and you to them. Of course, subjects that you teach will not necessarily be your own specialisms; you may not have built up working relationships with the other staff. Faced with these challenges, prepare yourself for any eventuality with the help of *Brilliant Supply Teacher*. Through hints, tips and anecdotal advice, Laurence French provides a practical guide to the day-to-day aspects of supply teaching to help make this important school role more enjoyable and fulfilling.

Secondary Languages in Action Natascia Servini, David Shanks, Luma Hameed, Julien Violette, 2025-06-27 With more than 50 years of current teaching experience between them, the authors of *Secondary Languages in Action* have created an accessible summary of research and thinking on approaches to MFL teaching, cutting through the noise of online debates and keeping the focus on application in the classroom. Each chapter guides you through different elements of MFL teaching, covering all the skills but also tips on how to increase engagement, make the case for languages and enrich the curriculum with clear examples of a range of activities and projects. The book considers how the strategies can be adapted and applied to any classroom, whatever your level of experience or teaching context. Whether you're beginning your journey into teaching, training, working as a language assistant or are an experienced teacher looking for new inspiration and ideas, this is an essential guide for all MFL classroom-based staff.
