The administration of examinations for 15-19 year olds in England Great Britain: Parliament: House of Commons: Education Committee,2012-07-03 Additional written evidence is contained in Volume 3 available on the Committee website at www.parliament.uk/educom **Do It Yourself: GCSEs and A-Levels by Distance Learning** Matthew J. Kraus,2018-03-12

Most of use understand the benefits of getting a good education Not only can it open doors to university and better job prospects but can help to broaden an individual s outlook on life For some people however getting the right qualifications can be a real challenge especially if they aren t in mainstream education It s no wonder then that an increasing number of people are turning to distance learning or home education as their preferred way of passing exams This book focuses on GCSEs and A Levels the main school leaving qualifications that are universally recognised in the UK It explains the main features of the qualifications how to study them and how to take the exams involved This book is intended to be used as a guide for prospective students who might want to undertake this form of learning but have some difficulty in working out where to start **An Introduction to Sociology** Ken Browne,2011-04-11 A textbook for introductory sociology courses this fully revised edition maintains the comprehensive coverage and numerous student features These are supplemented with up to date

empirical material and new sections on key issues **Engaging Students with Music Education** Pete Dale,2017-03-27 Engaging Students with Music Education is a groundbreaking book about using DJ decks and urban music in mainstream schools to re engage disaffected learners and develop a curriculum which better reflects overall contemporary tastes Many young learners are at risk of exclusion this book argues that for such individuals the implications of such a shift in the music curriculum could be especially positive Drawing extensively on the author s own wealth of teaching experience and bridging the gap between practice and theory this book demonstrates through case studies that DJ decks can prove extremely valuable in mainstream classroom situations across the secondary school age ranges Addressing challenging and crucial topics combining rigorous theoretical analysis with practical suggestions the book addresses questions such as Are DJ decks actually a musical instrument and are they suitable for classroom teaching Will Ofsted s school inspectors approve of music teaching involving DJ decks and urban music If we bring urban music into the classroom will this further marginalise classical music Are DJing and MCing skills recognised within examination specifications at least in the UK Current teachers will find the practical advice on how to incorporate DJ decks and urban music into their classroom especially helpful whilst educational researchers will be captivated by the critical discussion of the child centred tradition and a theoretical approach which stretches from continental philosophy to practice based reflection With an insistence that the starting point for music education should always be the interests and experiences of the learners this book is essential reading for those music teachers and researchers interested in the benefits of non standard music making in the classroom **The Online Tutor's**

Everything for Sale? The Marketisation of UK Higher Education Roger Brown,Helen Carasso,2013-02-11 The marketisation of higher education is a growing worldwide trend Increasingly market steering is replacing or supplementing government steering Tuition fees are being introduced or increased usually at the expense of state grants to institutions Grants for student support are being replaced or supplemented by loans Commercial rankings and league tables to guide student choice are proliferating with institutions devoting increasing resources to marketing branding and customer service The UK is a particularly good example of this not only because it is a country where marketisation has arguably proceeded furthest but also because of the variations that exist as Scotland Wales and Northern Ireland increasingly diverge from England In Everything for Sale Roger Brown argues that the competitive regime that is now applicable to our Higher Education system was the logical and possibly inevitable outcome of a process that began with the introduction of full cost fees for overseas students in 1980 Through chapters including Markets and Non Markets The Institutional Pattern of Provision The Funding of Research The Funding of Student Education Quality Assurance The Impact of Marketisation Efficiency diversity and equity He shows how the evaluation and funding of research the funding of student education quality assurance and the structure of the system have increasingly been organised on market or quasi market lines As well as helping to explain the evolution of British higher education over the past thirty years the book contains some important messages about the consequences of introducing or extending market competition in universities core activities of teaching and research This timely and comprehensive book is essential reading for all academics at University level and anyone involved in Higher Education policy
