

NOW IN THE MAKING

MACDONALD'S STEAM BOB-CAT

THE BOB CAT now being created is a powerful classy steam SPORT CAR designed to meet the demands and requirements of tens of thousands of American men and women, men and women who are unable to afford the first cost of any of the heavy Steam Cars now offered the American buyers, a class of buyers who have owned cars and have learned from constant experience the annoyance of a complicated bulky mis-firing gasoline engine, who have learned of the inefficient service and piratical prices of the modern garage and service station.

Macdonald's Steam Bob-Cat offers a real solution, in first cost—the price will be low in line with one of the World's popular priced gasoline cars, lower fuel cost using kerosene or other cheap distillates; lowest tire cost due to the popular priced 24x2 1/2 in. tires and increased mileage to be realized only from a steam driven vehicle; longer car life due to the absence of vibration; reduced time lost and heavy incidental expense through ruined wearing apparel and time spent in hunting trouble. A still greater saving than can be calculated in dollars and cents is the elimination of the constant fear and embarrassment of fouled spark plugs, faulty ignition, defective valves, and exhausted batteries.

Macdonald Steamroller Workshop Manual

David Kirk

Macdonald Steamroller Workshop Manual:

This Enthralling World of E-book Books: A Thorough Guide Revealing the Benefits of Kindle Books: A World of Convenience and Versatility E-book books, with their inherent portability and simplicity of availability, have freed readers from the constraints of hardcopy books.
