Commission on Violence and Youth,1993 V 1 Based on the findings of past and current research on violence by juveniles this report of the American Psychological Association Commission on Violence and Youth examines the causes of violence and recommends intervention strategies that can prevent violent behavior The report concludes that social forces such as prejudice economic inequality and attitudes toward violence in the mainstream American culture interact with the influences of early childhood to foster the expression of violence Not everyone affected by these forces however turns to violence In some cases factors within a child s ethnic culture may become a buffer against adverse social circumstances Culture builds identity sets behavioral norms and provides group cohesion that is vital to a child s growth and development When children and youth have certain social experiences their risk for violent behavior increases These experiences include access to firearms involvement with alcohol and other drugs membership in antisocial groups and exposure to violence in the mass media Children and youth who are victims of violence or who live with the chronic presence of violence in their

communities require interventions to decrease their risk of future victimization and violent behavior The Commission recommends various early childhood interventions school based intervention heightened awareness of cultural diversity development of the mass media s potential to contribute to a decrease in violence and restrictions on children s and youths access to firearms Other recommendations pertain to drug abuse prevention mental health services for juveniles education programs to reduce prejudice and hostility and intervention by psychologist as individuals and as a profession

African-American law & policy report ,1997 Policing Gangs and Youth Violence Scott H. Decker,2003 This title is part of The Wadsworth Professionalism in Policing Series edited by Samuel Walker This reader is a descriptive presentation of current practices within policing and juvenile justice focusing on gangs that utilize the community policing model By looking at specific strategies and their efficacy the authors attempt to combat a major perceived problem with community policing that the methodology of community policing can be subjective and nebulous using ill defined and misinterpreted practices This book shows what is working for agencies across the country and how these best practices can be employed
