nutritional data from the USDA for each recipe that's the U S Department of Agriculture and not the United Square Dancers of America My preference for both flavor and health reasons is freshly air popped popcorn so I have used that kind for all of these recipes Everything in this book can be made with kernels you have freshly popped or if you are in a hurry or feeling lazy then you can always use the plain store bought pre popped variety just make sure you check the packaging for artificial nasties Most of the ingredients for these recipes can be found at your local grocery store or deli but if you get stuck then the slightly more unusual ones can also be bought online via this special page on my website www.greengourmetbooks.com ing Enjoy preparing and sharing Lori x P S If 30 recipes isn't quite enough for you then check the back of the book to find out how to get another 12 absolutely free
