examination of the criminological sociological psychological and legal processes underpinning the outcome of criminal cases and their representation in the media and wider society *The Post-Election Violence in Kenya* Sosteness Francis Materu, 2014-12-04 Since the historic Nuremberg Trial of 1945 an international customary law principle has developed that commission of a core crime under international law war crimes genocide crimes against humanity and aggression should not go unpunished History shows that when in Africa such violations occurred especially as a result of election disputes national and regional actors including the African Union resorted to political rather than legal responses However when crimes against humanity were alleged to have been committed in Kenya during the 2007 2008 post election violence a promising road map for criminal accountability was agreed upon alongside a political solution In the spirit of this road map the author analyzes the post election violence in Kenya from a legal point of view He extensively examines legal options for domestic criminal accountability and discusses both retributive prosecutions and restorative justice mainly truth commission mechanisms being the main legal responses to the gross violations of human rights Furthermore he thoroughly investigates the Kenya situation before the ICC and the legal cum political responses to the ICC intervention in Kenya Practitioners and academics in the field of international criminal law and related disciplines as well as political sciences and legal history will find in this book highly relevant information about alternative legal approaches of the fight against and punishment of crimes against humanity as defined under the ICC Statute Historical trauma and memory Pumla Gobodo-Madikizela, Eric Ndushabandi, Kopano Ratele, 2021-12-06 How wounds from a previous generation may weigh on children and grandchildren contain much of interest Yet if we unpack the ghostly the eerie and the spectral in transgenerational hauntings if we allow for the suffering or the disturbed to forge social links such contacts may enable breaking into reconnections and afterlives One only needs to think of the near epidemic of rape in South Africa to sense violent hypermasculinity erupting as madness mediated by a history of brutal racialised reduction But it is also important to move beyond the brutalities and madness to consider the individual and collective refigurations surfacing out of layers of catastrophe Nancy Rose Hunt Conference Keynote Address Beyond Trauma Notes on a Word a Frame and a Diagnostic Category Historical Trauma and Memory Living with the Haunting Power of the Past is based on essays presented at a conference with the same name which was held in Kigali Rwanda in April 2019 The book gives readers front row seats as an interdisciplinary group of scholars from law psychology history the arts anthropology theology and philosophy address the complex matrix of the emotional legacies of historical trauma cultural legacies people interacting with their social and political environment and the interplay of these factors in different post conflict societies One Tragic Night Mandy Wiener, Barry Bateman, 2014-10-03 An authoritative account of the crimes of Oscar Pistorius the beloved Paralympic superstar who shot his girlfriend in cold blood from the night of the killings to the controversial verdict At 08 03 on the morning of Valentine s Day 2013 news broke that Oscar Pistorius the Paralympic superstar known as the Blade Runner had shot and killed his girlfriend at his luxury home in Pretoria South
