Handbook of Urban Educational Leadership Muhammad Khalifa, Noelle Witherspoon Arnold, PhD, associate professor, Educational Leadership and Policy Analysis, University of Missouri-Columbia, Dr. Azadeh F. Osanloo, Cosette M. Grant, 2015-06-01 This authoritative handbook examines the community district and teacher leadership roles that affect urban schools. It will serve as a foundation for pedagogical and educational leadership practices that foster social justice equity and advocacy for those who have been traditionally and historically underserved in education. **The Best of Head Start** United States. Congress. House. Committee on Education and the Workforce. Subcommittee on Education Reform, 2005. *The Power of Teacher Leaders* Nathan Bond, 2022-03-07 Now in its second edition, *The Power of Teacher Leaders*, copublished by Routledge and Kappa Delta Pi, serves as a resource for understanding the varied ways that teacher leaders foster positive change in their schools, professions, and communities. By definition, teacher leaders are teachers who stay in the classroom, maintaining their commitment to teaching students while assuming informal and formal leadership positions beyond the classroom. It is that commitment to teaching and their desire to improve student learning that motivate them to become teacher leaders. Written by researchers and teacher leaders, each chapter describes a particular way that teachers are leading, connects to the relevant scholarly literature, and assesses the impact of the teacher leaders on students and communities. The second edition features new chapters on less common and unresearched teacher leadership roles: informal teacher leadership and teacher leaders as social justice advocates. This edited collection shows how teacher leaders play an important role in the improvement of student learning, teacher professional development, and school and community climate. *District Leadership for Racial Equity* Larkin Willis, Desiree Carver-Thomas, Linda Darling-Hammond, 2025-07-30 *District Leadership for Racial Equity* shows how transformative changes can occur across diverse districts when leaders take purposeful action in support of racial equity. Developed as part of the Racial Equity Leadership Network initiative led by Southern Education Foundation, this collection provides an opportunity for leaders to learn from district reform efforts that have reduced disparities and improved outcomes for students of color across unique contexts. The cases presented acknowledge the challenges leaders face, but they also demonstrate that change is possible when leaders build will and capacity to support successful student outcomes. It examines the cases of racial equity leaders across four districts who have developed approaches that create new opportunities and outcomes for students who have been historically marginalized. *District Leadership for Racial Equity* is an essential resource for emerging leaders, leader practitioners, and policymakers who are committed to reducing disparities and improving outcomes for all students, especially those who are marginalized and underserved in our schools and society.
