

M777 155mm Lightweight Towed Howitzer FACT SHEET

What

The M777 155mm Lightweight Towed Howitzer is employed by the Australian Army to provide direct support to ground forces.

Why

The M777's digital connectivity allows for rapid, safe and accurate application of effects across the battlespace. It can also link with Australian and coalition networks providing timely responses as required to support ground forces in all weather conditions, by day or night. The M777 provides direct support to combat troops through offensive and defensive fires with conventional and precision-guided projectiles. It can also employ illuminating and smoke projectiles. It can fire 2 x rounds per minute (sustained) or 5 x rounds per minute (rapid) and has an effective range of 24km for conventional rounds or 30km for improved rounds.

The M777 can be towed behind the MAN HX77 truck, lifted in the air by CH-47 Chinook helicopter and carried in RAAF C-17A Globemaster and C-130J Hercules aircraft.

When

The M777 replaced the L119 105mm light gun and the M198 155mm medium gun in Royal Australian Artillery units.

M777 Technical Manual

National Library of Medicine (U.S.)

M777 Technical Manual:

, **The BCG Genealogical Standards Manual** ,2000 Family historians depend upon thousands of people unknown to them They exchange research with others copy information from books and databases and write libraries societies and government offices At times they even hire professionals to do legwork in distant areas and trust strangers to solve important problems But how can a researcher be assured that he or she is producing or receiving reliable results This official manual from the Board of Certification for Genealogists provides a standard by which all genealogists can pattern their work **The Open Shelf** ,1929 Technical Reports Awareness Circular : TRAC. ,1988-04 **Illustrated Manual of Sniper Skills** Mark Spicer, *Armor* ,2011 **Guide to Microforms in Print** ,1995 **Approval Guide** ,1988 **Perpetual Trouble Shooter's Manual** John Francis Rider,1950 **Current Catalog** National Library of Medicine (U.S.), First multi year cumulation covers six years 1965 70 *Field Artillery* ,2007 *Marathon War* Jeffrey Schloesser Major General US Army Retired,2021-05-25 War is the most brutal of human endeavors and I have experienced enough war to know to take cover when politicians and poets and armchair warriors speak extravagantly of patriotism and national honor Join Major General Schloesser in the daily grind of warfare fought in the most forbidding of terrain with sometimes uncertain or untested allies Afghan corruption and Pakistani bet hedging and the mounting casualties of war which erode and bring into question Schloesser s most profoundly held convictions and beliefs Among several battles Schloesser takes readers deep into the Battle of Wanat where nine U S soldiers were killed in a fierce up close fight to prevent a new operating base from being overrun This encounter required Schloesser to make tactical decisions that had dramatic strategic impact and led him to doubts Can this war even be won If so what will it take This book is a rare insight and reflection into the thoughts of critical national decision makers including President George W Bush Secretary of Defense Robert Gates then Senator Barack Obama and numerous foreign leaders including Afghan President Hamid Karzai Key military leaders including then Chairman of the U S Joint Chiefs of Staff Admiral Michael Mullen then Central Command Commanding General David Petraeus then Lieutenant General and future Chairman Martin Dempsey and International Security Force Commander General David McKiernan all play roles in the book among many others including Chairman of the Joint Chiefs General Mark Milley and Army Chief of Staff General James McConville Analyzing their leadership in the chaos of war Schloesser ultimately concludes that successful leadership in combat is best based on competence courage and character *Moody's International Manual* ,1995 **DA Pam** ,1967 *The War in Ukraine* Elena Murauskaite,2024-07-22 Since 2014 the conflict in Ukraine has escalated from an internal crisis into an ongoing full scale conventional war The extensive public documentation and commentary on these unfolding events present an opportunity for empirical research yet untainted by hindsight perspectives Drawing on an extensive regional network of local stakeholders and experts this book combines theoretical insights with practical reflections on the efficacy of a selected range of tools employed by the West to assist Ukraine such as the provision

of military assistance troop training intelligence sharing information campaigns early crisis signaling by aircraft carrier deployments and coalition building efforts Bridging the gap in open source studies between academic research and practitioner assessments the authors discuss how these specific measures correspond with theoretical assessments of the effects they are due to produce as well as with the expectations about their performance held by the deploying policy makers and their audience As the war continues to unfold and the reality on the ground as well as emerging new data mean a constantly shifting landscape this volume will be a valuable resource for anyone interested in the conflict in Ukraine
