The author that brought black literature to the streets is back. Weaving stories of deceit, sex, humor, and race. Iceberg Slim, best-selling author of *Pimp*, brings us the story of a hustler who doesn't just play the con game; he transforms it. Iceberg Slim's story is now depicted in a major motion picture distributed worldwide. *Iceberg Slim: Portrait of a Pimp* shows Slim's transformation from pimp to the author of 7 classic books. This is the gritty truth, the life of a hustler in south side Chicago where the only characters are those who con and those who get conned. *Trick Baby* tells the story of White Folks, a blue-eyed, light-haired con artist whose pale skin allows him to pass in the streets as a white man. Folks is tormented early in life, rejected by other children, and branded a Trick Baby, the child conceived between a hooker and her trick. Refusing to abandon his life in the ghetto and a chance at revenge, Folks is taken under the wing of an older mentor, Blue. What happens next is not to be believed. Only Slim could bring us the story of a hustler forced to learn the game and rise to the top. It's Slim's story, and he tells it in the only way he knows how: in the language of the streets. **Feathering Custer** W. S. Penn, 2004-12-01

The noted Nez Perce fiction writer and critic W. S. Penn turns his wry and penetrating gaze on the state of modern Native life and literature and considers how modern scholarship has affected the ways Natives and others see themselves and their world. The result is a uniquely frank, witty, and unsettling critique of contemporary theory and its ability to come to terms with the real lives and literatures of Natives in North America. Key to this critique is the troubling issue of what properly constitutes a traditional Indian identity and an Indian literature within Native communities and in the academy. In confronting this issue, Penn exposes some of the sillier uses of the serious language of diversity as well as the impact of identity politics on Native professors. And yet, Penn argues, the storytelling traditions so central to Native communities remain very much alive today, hidden in the corners of the literary canon. *The New Partridge Dictionary of Slang and Unconventional English: J-Z* Eric Partridge, 2006

Cultures of Violence Ruth Kinna, Gillian Whiteley, 2020-04-16

Investigating art practitioners' responses to violence, this book considers how artists have used art

practices to rethink concepts of violence and non violence It explores the strategies that artists have deployed to expose physical and symbolic violence through representational performative and interventional means It examines how intellectual and material contexts have affected art interventions and how visual arts can open up critical spaces to explore violence without reinforcement or recuperation Its premises are that art is not only able to contest prevailing norms about violence but that contemporary artists are consciously engaging with publics through their practice in order to do so Contributors respond to three questions how can political violence be understood or interpreted through art How are publics understood or identified How are art interventions designed to shift challenge or respond to public perceptions of political violence and how are they constrained by them They discuss violence in the everyday and at state level the Watts Rebellion and Occupy repression in Russia domination in Hong Kong the violence of migration and the unfolding art activist logic of the sigma portfolio Asking how public debates can be shaped through the visual and performing arts and setting taboos about violence to one side the volume provides an innovative approach to a perennial issue of interest to scholars of international politics art and cultural studies
