Crime fighter Jack Mawgan returns in THE MARK the final exciting tale in the three book series about this extraordinary character We know from our newspapers that corruption is everywhere and our public services are particularly vulnerable to the few who break our bond of trust Occasionally it is our elected politicians that let us down Lord Acton a prominent historian of the Victorian era once said in a letter to Mary Gladstone daughter of the Prime Minister William Gladstone and his confidante and advisor I cannot accept your canon that we are to judge Pope and King unlike other men with a favourable presumption that they did no wrong Great men are almost always bad men even when they exercise influence and not authority still more when you add the tendency or the certainty of corruption by authority Wikipedia Whether you agree with Lord Acton or not we must always be prepared to take our leaders to task when they overstep the mark [Access, Opportunity, and Success](#) Martha E. Casazza, Laura L. S. Bauer, 2006-01-30 Behind the hallowed walls of higher education are students who did not grow up expecting to attend college students who walked through open doors not knowing what to expect on the other side For some these open doors became revolving doors and they simply gave up For many others however there were unexpected successes successes that included more than academic accomplishments These people came through the system with an increased sense of self confidence that empowered them in the world beyond college This oral history tells the story of the struggles as well as of the triumphs related to the fight for access and high quality in higher education Thus it provides a unique look at the past state of higher education and at the measures that might be taken to improve our future educational system The book begins with a brief historical overview of what access to higher education looked like before the 20th century Following chapters tell the actual stories and are organized around four themes the power of belief in students access with success institutional commitment and effective support systems Finally a set of recommendations is provided that will help to keep the doors open for those still wishing to enter Educators at all levels graduate students studying higher education and interested readers in the general public will all find this book an invaluable resource

Small Town England Tim Bradford, 2010-04-09 Tim Bradford is growing up in a small town in Lincolnshire in the 1970s Market Rasen is not the most exciting place but to his teenage mind it was the centre of the universe Tim is at that in between phase between childhood and adolescence where you are trying to be grown up and get your first snogs whilst at the same time still playing with airfix models and making dens Tim takes us through his first crushes falling in love with the local beauty queen and an elusive Gallic beauty on a French exchange His first attempts at getting drunk and trying to impress girls forming bands which churned out endless numbers of rubbish songs and trying to avoid deckings by the local hards Tim and his equally hapless friends are gradually working towards breaking free of their childhoods and moving away from their roots Life in this small town was a rollercoaster of mundane happenings Small Town paints a portrait of the energy and melancholy at the heart of our generation the inability to live for now and the feeling that something better is just around the corner Too young just to be baby boomers and too English and uncool to call itself Generation X It s a universal tale about
