A violin and bow are positioned in the upper right quadrant of the image. The violin is a realistic, polished wooden instrument. The bow is dark wood with light-colored hair. Surrounding the violin and bow are several translucent, red, swirling lines that create a sense of motion and energy. These lines are layered and overlap, giving the impression of a musical vibration or a dance. The background is a solid black, which makes the red lines and the violin stand out.

*Musical Voices of Early Modern Women* Thomasin LaMay, 2017-05-15 Recent scholarship has offered a veritable landslide of studies about early modern women illuminating them as writers thinkers midwives mothers in convents at home and as rulers *Musical Voices of Early Modern Women* adds to the mix of early modern studies a volume that correlates women's musical endeavors to their lives addressing early modern women's musical activities across a broad spectrum of cultural events and settings The volume takes as its premise the notion that while women may have been squeezed to participate in music through narrower doors than their male peers they nevertheless did so with enthusiasm diligence and success They were there in many ways but as women's lives were fundamentally different and more private than men's were their strategies tools and appearances were sometimes also different and thus often unstudied in an historical discipline that primarily evaluated men's productivity Given that many of these stories will not necessarily embrace a standard musical repertoire even as they seek to expand canonical borders The contributors to this collection explore the possibility of a larger musical culture which included women as well as men by examining early modern women in many headed ways through the lens of musical production They look at how women composed assuming that compositional gender strategies may have been used differently when applied through her vision how women were composed or represented and interpreted through music in a larger cultural context and how her presence in that dialog situated her in social space Contributors also trace how women found music as a means for communicating for establishing intellectual power for generating musical tastes and for enhancing the quality of their lives Some women performed publicly and thus some articles examine how this impacted on their lives and families Other contributors inquire about the economics of music and women and how in different situations some women may have been financially empowered or even in control of their own money making This collection offers a glimpse at women from home stage work and convent from many classes and from culturally diverse countries including France Spain Italy England Austria Russia and Mexico and imagines a musical history centered in the realities of those lives

Brown Collection (Boston Public Library),1912      *Music as Dream* Franco Sciannameo,Alessandra Carlotta Pellegrini,2013-08-22 Music as Dream Essays on Giacinto Scelsi showcases recent scholarly criticism on the music and philosophy of the brilliantly original composer Giacinto Scelsi In this collection Franco Sciannameo and Alessandra Carlotta Pellegrini select and translate into

English for the first time essays that reflect the evolution of recent scholarship on Scelsi's musical compositions. *Music as Dream* opens with *The Scelsi Case* which erupted shortly after Scelsi's death in 1988 when composer Vieri Tosatti claimed ownership of his works. This quarrel reached its zenith in the pages of *PianoTime*'s March 1989 issue where musicologist Guido Zaccagnini questioned a group of noted composers, writers, and arts managers about whether a composer can claim sole authorship for a work accomplished in collaboration with others. The essays are wide-ranging in scope. French musicologist Michelle Biget-Mainfroy, a specialist in gestural piano writing, offers an in-depth study of Scelsi's complex piano output. Gianmario Borio looks at Scelsi's *Sound as Compositional Process*. Alessandra Montali examines and details Scelsi's theoretical and literary writings. Luciano Martinis and Franco Sciannameo explore the lives and whereabouts of obscure composers Giacinto Sallustio Walther Klein and Richard Falk, who were Scelsi's collaborators until the early 1940s when Tosatti took sole charge. Alessandra Carlotta Pellegrini elaborates on Scelsi's most important composition of his first period, presenting a tour de force that pieces together its complex story through research at the newly organized Scelsi Archive at the Fondazione Isabella Scelsi in Rome. Friedrich Jaecker's and Sandro Marrocu's essays also draw on research conducted at the archive of Fondazione. Finally, an updated bibliography and discography conclude the book.
