WARNING

Abstract: This paper discusses the importance of the role of the state in the development of the economy. It argues that the state should play a more active role in the economy, particularly in the areas of infrastructure, education, and health care. The paper also discusses the importance of the role of the private sector in the economy, and the need for a balance between the two.

- Is instrumental to sales and proper care of the livestock
- Records and summarizes the information pertaining to the livestock
- Records and summarizes the history (records) on the livestock
- Shows the price of different products
- Records and summarizes sales and cost of livestock contributed to sales, thus used before preparing an income statement

It is not necessarily a simple matter to see and separate the three related but distinct issues raised by the question of the relevance of the evidence.
