**Bakery Production Handbook** Kirk O'Donnell, 2016-01-23 This book is for anyone interested in producing bakery products of consistent quality and low operating costs This book is also intended to be used as a professional reference There are many good books available about the art and science of baking However these other books do not help an owner or a bakery manager grow their businesses In the baking industry all successful businesses begin with quality products These businesses almost always start in a kitchen and then the company has to figure out how to keep up with the growing demand for these bakery products Fortunately if the company makes prudent decisions it is possible to

drive down operating costs On the other hand if the company cannot produce consistent quality or if the operating costs are out of control the company will soon be out of the baking business This handbook should help more and more aspiring bakers sustain their success
