Learn Microsoft Office 2021 Linda Foulkes, 2022-07-29 Take your Microsoft Office skills to the next level by mastering the exciting new features and enhancements in Microsoft Office 2021, including communicating, collaborating, and presenting using Teams. Key Features: Get a progressive walkthrough of the new desktop and web apps with real-world examples. Enrich your skillset by learning new productivity feature enhancements for Office web and desktop. Discover how to use Microsoft Teams to communicate, collaborate, and present during meetings. Book Description: This second edition book covers the new and exciting features of Microsoft Office 2021 for desktop and web apps, helping you broaden the skills from the previous edition. Using real-world experiences, this book will guide you through practical examples that set off your thought process to boost productivity. To build new skills in each application, the book ensures that you gain a thorough understanding of new functions such as PivotTables, Dashboards, and data manipulation methods in Excel. You'll explore PowerPoint tools such as Presenter Coach, Presenter View, the record tool, and setting reading order, to mention a few. You'll also manipulate slide elements using AutoFix, draw features, insert video captions, explore playback options, and rehearse presentations using the body language Presenter Coach feature. The book demystifies the Transform feature and shows you how to dictate directly in Word. You'll even be able to work with Styles by refining the layout and multiple tables of contents. Finally, you'll focus on making the best use of Outlook enhancements and working remotely using Teams. By the end of this book, you'll have understood the features of each app inside out and enhanced your existing skills using new techniques to make your professional life more efficient. What you will learn: Uncover OneDrive features and Word enhancements such as dictation, co-authoring, embedding styles, referencing, and media tools. Manage Word document layouts, online forms, recording, document automation, and track, compare, and combine. Create engaging PowerPoint presentations using Presenter Coach, AutoFix, Record, and drawing tools. Explore Excel functions such as XLOOKUP, LET, XMATCH, IFS, arrays, and IFERROR, and VLOOKUP. Work with database and COUNTIF functions. Advanced Filter, clean data, and PivotTables and Dashboards. Explore Outlook enhancements. Who this book is for: If you work with Microsoft Office applications but are yet to discover the complete range of features, this second edition is tailored to broaden your skillset with new features and functionalities. It would be of value for those working in any industry and for students moving into the workplace or preparing for Microsoft.
