INTRODUCTION TO THE JOINT TRAUMA SYSTEM JTS

The Joint Trauma System JTS is the Department of Defense DoD authority for the military's trauma care system. The vision of the Joint Trauma System is that every Soldier Sailor Marine and Airman injured on the battlefield will have the optimum chance for survival and maximum potential for functional recovery. To achieve this vision in 2006 the JTS implemented programs for data driven trauma system development and improvement in addition to the collection of trauma data. As part of its data collection efforts the JTS maintains a registry of trauma patients who received care at medical treatment facilities MTFs. Since 2007 this registry known as the DoD Trauma Registry DoDTR has documented demographic injury treatment and outcomes data for all trauma patients admitted to any DoD MTF regardless of whether the injury occurred during on going military operations and is the largest military trauma data source in the world. Development of the DoDTR began during the early years of the Global War on Terror GWoT when the need to systematically improve trauma care for combat wounded resulted in the impromptu creation of a demonstration registry known then as the Combat Trauma Registry CTR. The CTR was constructed by the Center for AMEDD Strategic Studies CASS trauma related information was initially abstracted into it from paper medical records received from trauma nurse coordinators TNCs at Landstuhl Regional Medical Center LRMC in Germany. Shortly after the demonstration program started the Army Surgeon General approved its transition to an operational mode leading to the formation of the Joint Theater Trauma System JTTTS and eventually the Joint Trauma System JTS.

The Ultimate Domestic Workers Guide Charmaine Murray, Elanè vd Westhuizen, 2015-10-13

Being in the business of supplying work to domestic workers for the last twenty plus years I and my personal assistant thought it well to bring out an easy understandable guide regarding employing a domestic worker and being employed as a domestic worker. Our offices are in Centurion and we receive calls daily for assistance regarding many issues around domestic workers all over South Africa. Many domestic workers also visit our offices with requests regarding their work in a certain household as well as their rights in the workplace. Both of us do have an interest in the book and how the book will be put in order so that it will be an easy understandable guide to the employer employee and uphold both parties rights. We also have a training center for domestic workers and use our experience in this field in the book as well for example communication gap how to clean a house laundry how to make a menu etc. We want to dedicate this book to all domestic workers all over South Africa as recognition for the great work they do.
