

- A2.S.9** Differentiate between situations requiring permutations and those requiring combinations
A2.S.10 Calculate the number of possible permutations (${}_nP_r$) of n items taken r at a time
A2.S.11 Calculate the number of possible combinations (${}_nC_r$) of n items taken r at a time
A2.S.12 Use permutations, combinations, and the Fundamental Principle of Counting to determine the number of elements in a sample space and a specific subset (event)

Permutations

A **permutation** is an arrangement of items in a specific order (that is permutations are used when the order of selection is important).

The notation for a permutation of n items taken r at a time is ${}_nP_r$.

$${}_nP_r = n \cdot (n-1) \cdot (n-2) \cdot (n-3) \cdots (n-r+1)$$

Ex: In how many different orders can the 8 students competing in the 200-meter race cross the finish line?

Solution: Obviously, with a race, order matters.

We want to find the order of all 8 students finishes, so in our permutation, $n = 8$, $r = 8$.

$${}_8P_8 = 8 \cdot 7 \cdot 6 \cdot 5 \cdot 4 \cdot 3 \cdot 2 \cdot 1 = 40,320$$

You can also use $8!$ for this.

Ex: How many different ways can first, second, and third place be decided among the twelve horses running in the Kentucky Derby?

Solution: First place can be won by 12 horses, second by 11, and third by 10.

$${}_{12}P_3 = 12 \cdot 11 \cdot 10 = 1,320$$

1. A restaurant critic decides to sample 6 of the 9 desserts on the menu. In how many different orders can this be accomplished?

(1) 720

(3) 241,920

(2) 60,480

(4) 362,880

Ex: How many different arrangements of the letters in the word TOMORROW can be made?

Solution: The word has 8 letters, but there are multiple O's and R's. We must eliminate the extra arrangements of O's and

R's. To do this, we use the formula $\frac{n!}{r!}$ where n is the number of things taken n at a time where r are identical. In this

example there are 3 O's and 2 R's that are repeated, therefore we must divide by both $3!$ and $2!$.

$$\frac{8!}{3!2!} = \frac{8 \cdot 7 \cdot 6 \cdot 5 \cdot 4 \cdot 3 \cdot 2 \cdot 1}{3 \cdot 2 \cdot 1 \cdot 2 \cdot 1} = 3,360$$

2. How many different 5-letter arrangements can be made from the letters of the word TOOTH?

(1) 12

(3) 30

(2) 24

(4) 60

Ex: Given the set of numbers {1, 4, 5, 7, 8}, if each digit can be used only once, how many different

a. four-digit numbers can be formed

{120}

b. four-digit odd numbers can be formed

_____._____._____._____

{72}

c. three-digit numbers larger than 700 can be formed

_____._____._____

{24}

Lesson 11 1 Permutations And Combinations Answers

Lesson 11 1 Permutations And Combinations Answers Introduction

In the digital age, access to information has become easier than ever before. The ability to download Lesson 11 1 Permutations And Combinations Answers has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Lesson 11 1 Permutations And Combinations Answers has opened up a world of possibilities. Downloading Lesson 11 1 Permutations And Combinations Answers provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Lesson 11 1 Permutations And Combinations Answers has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Lesson 11 1 Permutations And Combinations Answers. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Lesson 11 1 Permutations And Combinations Answers. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Lesson 11 1 Permutations And Combinations Answers, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices

have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Lesson 11 1 Permutations And Combinations Answers has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Lesson 11 1 Permutations And Combinations Answers Books

What is a Lesson 11 1 Permutations And Combinations Answers PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Lesson 11 1 Permutations And Combinations Answers PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Lesson 11 1 Permutations And Combinations Answers PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Lesson 11 1 Permutations And Combinations Answers PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Lesson 11 1 Permutations And Combinations Answers PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields

and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
