Writing Mini-Lessons for Upper Grades, Grades 4 - 6 Cunningham, M.C. Hall, Arens, 2008-08-27 Learn when and how to teach the Writing block using Writing Mini Lessons for Upper Grades for grades 4-6. This 160-page resource addresses specific issues and skills that help students become better writers. These mini-lessons are divided into three sections for use throughout the year. Students learn about different writing genres, making decisions about what to write, paragraphing in stories and informational text, self-peer editing, spelling using commas, and writing to a prompt. This book supports the Four Blocks R Literacy Model.

Real-World Writers: A Handbook for Teaching Writing with 7-11 Year Olds Ross Young, Felicity Ferguson, 2020-05-28 Real World Writers shows teachers how they can teach their pupils to write well and with pleasure, purpose, and power. It demonstrates how classrooms can be transformed into genuine communities of writers where talking, reading, writing, and sharing give children confidence, motivation, and a sense of the relevance writing has to their own lives and learning. Based on their practical experience and what research says is the most effective practice, the authors share detailed guidance on how teachers can provide writing study lessons drawing on what real writers do and how to teach grammar effectively. They also share a variety of authentic class writing projects with accompanying teacher notes that will encourage children to use genres appropriately, creatively, and flexibly. The authors' simple yet comprehensive approach includes how to teach the processes and craft knowledge involved in creating successful and meaningful texts. This book is invaluable for all primary practitioners who wish to teach writing for real.

Integrating the Language Arts David Yellin, Mary E. Blake, Beverly A. DeVries, 2004

Writing Anchors Jan Wells, Janine Reid, 2004 This comprehensive handbook shows teachers how to build a foundation for writing with effective lessons that are the key to powerful writing workshops. Writing Anchors demonstrates how to create a supportive classroom model, writing experiences, and create enthusiasm for writing among students. The practical lessons explore the major elements of writing with explicit strategies for teaching the major forms of writing: Informational writing, detailed descriptions of ways to take and organize notes, use text features, and create reports that have voice. Poetry and personal writing, language choice, imagery, using the senses, and finding the personal pulse of the writer. Narrative extends writing skills with lessons on story sequence, problem solving, and character development. The lessons form metacognitive anchors that build an understanding of the elements of powerful writing. Each lesson comes with an anchor cue card that prompts students to apply their growing understandings independently in writing workshops and in assessing their own writing. In addition, the book provides more than thirty effective tools that are ready to copy and use in the classroom: writing checklists, rubrics for assessment, graphic organizers, note-taking grids, semantic maps, story maps, tips for proofing, and student examples collected from grade 2-7 classrooms.
