well being The Chinese have their own version of yoga Taichi and Taijiquan which includes mental and physical exercises including meditation So have plenty of old Eastern civilizations down the ages Yoga is a state of mind it is also the art of living in which the mind body and spirit work in tandem to achieve the state of mental physical and emotional harmony And if that is too philosophical for you you can consider yoga to be a system in which you are getting in touch with your mind body and spirit in a really positive manner Yoga For Beginners Dev Prisco, Yoga for beginners is the essential starter guide for people beginning their Yoga journey Complete with basic poses to get started what to wear best places to practice and also meditation Many numerous health benefits for complete mind body and spirit **Yoga For Beginners** Ntathu
