exemplars targeted for learners up to approximately eight years of age whose home language differs from the language of instruction. It identifies the challenges faced by these learners and their families and shares ways of building both literacy and numeracy skills for some of the vulnerable learners nationally and internationally. The book shares the outcomes and strategies for teaching mathematics to early years learners and highlights the importance of literacy practices for learners for whom the language of instruction is different from their home language. Readers will gain a practical sense of how to create contexts, classrooms and practices to scaffold these learners to build robust understandings of mathematics. *Early Childhood Education and Change in Diverse Cultural Contexts* Chris Pascal, Tony Bertram, Marika Veisson, 2018-06-04

Change is now a dominant feature of early childhood systems around the globe and many countries are currently facing significant economic, social and political developments that bring additional challenges that teaching and learning practices need to be able to respond to in a positive and effective way. *Early Childhood Education and Change in Diverse Cultural Contexts* examines how the educational systems in different countries respond to this change agenda, what they prioritise and how they deal with the adjustment process. Based on original and cutting edge research and drawing upon diverse theoretical approaches, the book analyses new policies and pedagogical practices in a wide range of different cultural contexts. With contributions from Great Britain, the USA, Finland, Sweden, Iceland, Estonia, New Zealand, South Africa and Singapore, this volume examines how educators might be able to innovate and respond positively to the shifting social and cultural situations in these contexts and others like them. Focusing on early childhood policy, professionalism and pedagogy, the book stimulates debate and dialogue about how the field is moving forward in the 21st century. *Early Childhood Education and Change in Diverse Cultural Contexts* should be essential reading for academics, researchers and postgraduate students engaged in the study of early childhood education, childhood studies and comparative education. Providing practical examples of how educational systems and educators might respond to change imperatives, the book should also be of great interest to teacher educators, current and pre-service teachers and policymakers around the world. *Preventive audiology* Katijah Khoza-Shangase, 2023-03-01

This book is an original scholarly book that introduces the concept of preventive audiology with a specific focus on the African context, which is in line with the South African re-engineered primary healthcare strategy as well as the World Health Organisation's approach. The book reflects on contextually relevant and responsive evidence-based perspectives grounded in an African context on preventive audiology in four major ear and hearing burdens of disease within the South African context: 1. early hearing detection and intervention, 2. middle ear pathologies, 3. ototoxicity and 4. noise-induced hearing loss. The book represents innovative research seen from both a South African and global perspective. It offers new discourse and argues for a paradigm shift in how audiology is theorised and performed, particularly in low and middle income country contexts. The goal of this book is to motivate a paradigm shift in how the ear and hearing care is approached within this low and middle income country context while arguing for Afrocentric best practice evidence that leads to next
