How To Report Fake Us Passports:

The Torture Report Larry Siems, 2011-01-15 Sometimes the truth is buried in front of us That is the case with more than 140 000 government documents relating to abuse of prisoners by U S forces during the war on terror brought to light by Freedom of Information Act litigation As the lead author of the ACLU s report on these documents Larry Siems is in a unique position to chronicle who did what to whom and when This book written with the pace and intensity of a thriller serves as a tragic reminder of what happens when commitments to law common sense and human dignity are cast aside when it becomes difficult to discern the difference between two groups intent on perpetrating extreme violence on their fellow human beings Divided into three sections The Torture Report presents a stunning array of eyewitness and first person reports by victims perpetrators dissenters and investigators of the CIA s White House orchestrated interrogations in illegal secret prisons around the world the Pentagon s special projects in Guant namo Bay Cuba plots real and imagined and much more

America's Covert Border War Todd Bensman, 2021-02-02 This thirteen year work of journalism finally settles one of the nation s most controversial and politically powerful ideas about the American southern border that Islamic jihadists might infiltrate it and commit terrorist acts Perhaps no other idea about the border has sown more conflict claims counterclaims rebuttals and false narratives on all sides This book provides a first comprehensive neutral baseline of truth about the threat goring oxen on both sides of the partisan divide It documents an ambitious and intrigue laden covert American war on terror effort that stretches from the Mexican border to the tip of South America Its existence to protect the homeland from terrorist infiltration was often regarded as entirely imagined until migrating jihadists recently started killing and wounding hundreds in Europe Americans concerned by unchecked global migration porous borders and national security also may feel surprised to learn that thousands of long haul migrants from the Islamic world similarly breach the US Mexican border each year among them hardened jihadists despite media insistence that none of this traffic exists It does The secret American campaign has prevented land border infiltration attack on US soil safeguarding an unknowing nation so far from Europe s bloody ongoing experience But this geographically sprawling effort is suffering from denialism and neglect at America s peril just as Europe was before its calamity How much longer can these programs keep America safe without the public recognition that they exist and the needed care and attention that acknowledgment would bring This book is much more than revelation and complaint it provides solutions to better protect the homeland from this chronically misunderstood border threat
