The Project Manager's MBA Dennis J. Cohen, Robert J. Graham, 2001-07-09 Project managers are no longer judged by the technical success of their projects alone They re also held accountable for their contributions to the company s financial goals Yet most project managers don t have the business knowledge necessary to make project based decisions that lead to bottom line success In this book Dennis Cohen and Robert Graham both former university professors and experienced project management consultants provide the skills that until now could only be gained through a graduate degree and years of hands on experience Cohen and Graham walk project managers through basic business concepts such as value creation accounting and finance strategy and marketing They connect these concepts to the decisions project managers face every day And they make it easy to apply the resulting solutions on the job through a unique business system calculator Readers can use the online calculator in conjunction with the book to understand how different project variables affect business outcomes to determine the overall impact of proposed project changes and to evaluate the economic results of many decisions they make Cohen and Graham s principles apply equally to projects in business non profit and government organizations And each one is illustrated through case studies drawn from a range of industries including pharmaceuticals the technology sector even the winemaking business Whether the mandate is to get new products to market improve the infrastructure or better serve customers and clients this book teaches project

Resources in Education, 1990 **The Business Year: Sharjah 2020**, 2019-09-12. Sharjah is well known not only for its heritage sites, culturally rich sites, and vivid modern quarters but also for its promising business environment and high level of human talent with all the resources needed to make the next leap. Thanks to the great efforts of its leaders, Emirati students have access to world-class level universities, are fluent in several languages, and possess a broad international outlook that can serve any business format. *The Business Year's* country-specific publications sometimes featuring over 150 face-to-face interviews are among the most comprehensive annual economic publications available internationally. This 118-page publication covers finance, investment, energy, green economy, IT, and media industry, transport, construction, real estate, health, education, and tourism. *Digital Transformation in Architecture and Construction*, 2025-05-28. The theme aimed at technological transformation in the construction industry currently encompasses different sectors from the project development stage to the final building maintenance period. The Building Information Modelling (BIM) methodology is currently the main driver of incentive for the transformation of construction, contributing to integrating software and professionals in developing the various activities involved. Collaborative design in the field of health and safety in construction can be increased with the implementation of BIM supported by good practice guides. Integrating Integrated Project Delivery (IPD) and big open BIM systems promotes an adequate synergy in a complementary performance focused on the maintenance and simulation activity of the construction process, contributing positively to increasing the digital perspective in practice. Additionally, the connection of BIM and Virtual Reality (VR) technologies adds value to the development of the architectural and engineering project, promoting the optimization of the final construction product. The identification and management of conflicts between disciplines inherent to the project are currently supported by using BIM software with detailed diagnostic capabilities, namely the VOSviewer software. In conclusion, the process of technological transformation is underway all over the world and in all activities and should be known and learned by construction professionals, namely architects and engineers. *CyberArts 2020*, Christine Leopoldseder, 2020-01-01.
