of the incident and should only be used for the initial response phase about the first thirty minutes of an incident. It is divided into six color-coded sections: white, uncolored, yellow, blue, orange, green, and a second white, uncolored. The ERG includes over 170 Guides found in the Orange Section that identify the primary hazards associated with the applicable general category of hazardous material and general guidance on how to respond to incidents involving that general category of hazardous material. The primary purpose of ERG is to direct the emergency responders to the most appropriate of these guides based on the incident. The ERG also provides guidance regarding recommended evacuation distances if applicable in the Green Section.
