Principal Frye points out that the real barriers to break down were those between the three major divisions of education the primary secondary and university levels each of which tends to become a self enclosed system congratulating itself on its virtues and blaming whatever deficiencies the educational process as a whole may have on the other systems This book will be of interest to teachers at all levels to officials responsible for policy in our public education to trustees to parents and to the increasing number of general public who care about education The Chairmen of the three committees were English Mary Campbell Parkdale Collegiate Institute Social Science C B Macpherson Department of Political Economy University of Toronto Physical Science Charlotte M Sullivan Department of Zoology University of Toronto The Editor Northrop Frye is Principal of Victoria College University of Toronto
