setting in these two crucial domains The main findings are twofold First the role of planning and public ownership far from withering has being upheld and qualitatively enhanced especially throughout the most recent stages of industrial reforms Second enterprises are increasingly participating along with universities and research centers in a concerted and historically unparalleled effort to dramatically upgrade China s capacity to engage in indigenous innovation As a result China s National Innovation System has been growing and strengthening at a pace much faster than that of the national economy as a whole The book also presents a speculative and provisional perspective on the validity and meaning of the claim that the country s socioeconomic system is indeed a form of socialism with Chinese characteristics It will be on interest to students and scholars researching China politics and development economics

Smart Sustainable Cities and Knowledge-Based Economy Enrico Ivaldi,Andrea Ciacci,2023-07-10

This book provides information and resources to city planners and other public policy officials on the importance of smart sustainable cities and their relationship with urban knowledge based economy It answers important topical questions relating to urban sustainable development and human well being namely how can we implement policies and programs that can make cities smart and boost their knowledge based development How can such programs reduce inequalities and enhance the environment where people live and work The authors suggest a new approach to the creation of sustainable smart cities not only in metropolises but also in smaller urban spaces They advance the body of knowledge in entrepreneurship literature by examining both the European regional understanding of entrepreneurship and the quality of life and well being at city levels They also provide synthetic indexes to assess the relationship between perceived quality of life and entrepreneurship This book stimulates the debate on the role of smart cities in promoting entrepreneurship which is a currently under investigated topic in Europe and is of interest to a wide range of practitioners professionals and academics in the area of well being and quality of life research urban studies public policy and sustainable development

Businessmen, Clientelism, and Authoritarianism in Egypt Safinaz El

Tarouty,2016-04-29 After the ousting of former Egyptian President Hosni Mubarak in February 2011 much debate surrounded the reasons for the former regime s longevity and its collapse Here Safinaz El Tarouty provides an original contribution to the study of authoritarianism in Egypt by focusing on the role of businessmen in authoritarian survival As the regime intensified neoliberal economic reforms that led to social deprivation and frustration among increasing numbers of Egyptian citizens they co opted businessmen in order to defuse challenges and buttress the regime constructing a new political economy of authoritarianism Extending the existing literature on clientelism El Tarouty creates a typology of regime businessmen relations to describe the multiple mechanisms of co option in the context of economic liberalization Ultimately though these businessmen proved too narrow a constituency to provide legitimacy to the regime and in fact formed one of the reasons for its collapse
