Restated Elliot Regenstein, 2022-07-26. Education Restated: Getting Policy Right on Accountability, Teacher Pay and School Choice offers the education policy community a roadmap for change in three hot button policy areas. In each of these areas, policy has been anchored around the wrong core values. By putting the right core values at the heart of policy, state governments can create more favorable conditions for education improvement at the local level. Education Restated takes a pragmatic approach to policy change, recognizing that the forces that created today's policies have not gone away and that on complex issues there are legitimate competing interests. This book harmonizes the best ideas of opposing policy camps and identifies opportunities to strengthen connections between K-12 and early childhood. For advocates seeking common ground.
