Vivek Jain, 2023-07-11 This Book is of the seafarers by the seafarers for the seafarers Seafarers are the core of all maritime trade and their expectations perspectives alone should be at the centre of all solutions for maritime skills Taking this standpoint the editor has explored the issues of maritime skills with critical gaps following a framework of research methodology The issue of critical gaps in maritime skills is further exacerbated due to the impact on seafarers caused by changes in the ecosystem status relationship with stakeholders technology focus on renewable energy anxiety levels and so forth Furthermore stakeholders can no longer ignore the fact that seafarers are leaving a seagoing career after working for only a few years Therefore the editor has also explored the need to prepare seafarers for transition into maritime shore jobs to preserve their maritime skills within the maritime industry This exhaustive book can be used as a guide for further revisions or a revamp of the current STCW Convention The editor thereafter divided the researched critical gaps in maritime skills into four groups Jain's Model for Maritime Skills Panoptic Social Intelligence Upskilling Reskilling for onboard vessels skills and Portable Skills for future shore jobs Panoptic and Social Skills are core skills required for both on board vessels as well for maritime shore jobs Thereafter the editor embarked on a voyage to discover persuade collaborate with a number of exceptionally experienced subject matter experts over many months to collaboratively pursue many mini research projects across all selected maritime

skills adopting specific methodology to plug these critical gaps These experts were drawn 1 from countries such as India the Philippines Romania South Korea Malaysia UAE the UK and Singapore 2 from both genders 3 from deck engine professionals settled ashore 4 with current experience in the industry and or at sea at a fundamental level and 5 from seafaring supplying nations recognising experiencing the relevant socio economic circumstances of seafarers From this book seafarers will not only find ideas on how to plug gaps in their maritime skills but also how they can transition with their existing skills to other maritime jobs such as marine superintendents marine managers designated persons ashore managers supervising new build second hand vessels IT managers in the maritime domain marine surveyors marine experts investigators marine pilots in ports maritime arbitrators managers in shipyards and so forth The solutions in this book will also resolve the issue of the shortage and retention of seafarers

Seafarers' Security Measures Under the MLC 2006 Sandra Lielbarde, 2024-07-19

The book is intended to be about the Maritime Labour Convention 2006 MLC 2006 about seafarers security measures available before MLC 2006 and after its adoption The following security measures will be addressed in the book mandatory financial security established by the MLC 2006 flag State responsibility labour supplying responsibility port State control and a ship arrest The responsibility of the shipowner in respect of the seafarers engaged in work on his ship will be discussed in analysis of nowadays seafarers recruitment process and a legal structure of shipping companies Content will include the analysis of international UNCLOS ILO and IMO conventions UNCCRO s and Vienna Convention on Consular Relations 1963 and national law Denmark Estonia Finland Germany Latvia Norway The Philippines and The UK and relevant legal documents agreements guidelines and court cases Under the MLC 2006 the shipowner has an obligation to ensure appropriate working conditions on board a ship due payment of wages repatriation of seafarers and to fulfil other obligations in accordance with international and national law and the seafarer s employment agreement Even nowadays there are still shipowners who do not take care of the people who work on their ships the crew onboard is left without food and drinking water has not been paid for their work and cannot go back home because the shipowner does not pay for their repatriation Current COVID 19 pandemic turned out to be a serious challenge to the MLC 2006 operation in practice The MLC issues and seafarers employment and social rights continue to be on the agenda of shipping industry It is expected that on 24 December 2024 the amendments of 2022 to the Code of the MLC 2006 will come into force The Guidelines for port State and flag State authorities on how to deal with seafarer abandonment cases were adopted on First Meeting of the Joint ILO IMO Tripartite Working Group to identify and address seafarers issues and the human element held on 13 15 December 2022 The book aims to promote uniformity in implementation of the MLC 2006 by this increasing effectiveness of the MLC 2006 Book will bring a new knowledge in the area of maritime labour law Accordingly the author hopes that the book will be an important contribution for promoting understanding of seafarers rights and shipowners responsibilities under the MLC It is intended that the book will be interesting for the professionals seafarers and also for students in Law shipping faculties

The Roles of International Law in Development Siobhan McInerney-Lankford, Robert McCorquodale, 2023-10-21 The Roles of International Law in Development provides an in depth analysis of the relationship between public international law and development Unlike the existing body of literature on public international law this book investigates how international law and development interact and evaluates the significant and multifaceted roles that international law plays in development Bringing together a collection of perspectives from contributors working across multiple fields the chapters explore the relevance and applicability of international law to particular sectors and issues implicated in development activities This includes chapters on human rights gender equality race and discrimination environmental law and climate change forced displacement and migration and international trade and investment They analyse how international law rules and processes can influence procedural and substantive aspects of development policies as these regulate various forms of financial support trade technical assistance and policy dialogue They also explore whether and how development could be more effective and yield more equitable and sustainable outcomes if the relevant and applicable rules of international law were better understood consistently incorporated and appropriately applied to development activities A foundational premise of this book is that development policy and practice should be grounded more systematically in international law rejecting the notion that development law and policy comprise a self contained regime or that development is undertaken in a legal vacuum The proposed systematic grounding in public international law would in turn help uphold international legal accountability in the context of development activities
