2. Answer all the questions.
3. Begin the answer of each section on a new page.
4. Leave a line open between each answer.
5. It is important to write neatly.

SECTION A – COMPREHENSION

Read the following passage and answer the questions that follow:

Teaching your children not to litter is a valuable life lesson.

I can no longer simply drive past children who drop their chip packets, cold drink cans and, sometimes entire fast-food packaging, as they walk home from school. Something inside me snaps and I tend to stop my car, interrogate them, and demand they pick up after themselves.

"Why did you throw that down in the street, when there's a rubbish bin a metre from where you dropped it?" I yell. The guilty 10-year-old glares at me as though I am insane or dangerous – perhaps I look it?

Curiously, it seems the whole idea of putting discarded wrappers into a bin designed for that purpose is a foreign concept to many of them. When pressed to answer my question, some of the responses have left me flabbergasted. "But I am creating jobs," said one indignant little litter-lout!

And it's not a stab in the dark to conclude that children like him are only doing what children everywhere do best: following the example set by their parents and caregivers in their lives. But attitudes like this are extremely dangerous. According to Alderman Clive Justus, Cape Town's Mayoral Committee Member for Utility Services, there seems to be a growing tolerance by the public, not only of litter, but of those responsible for it. What's more, this attitude is increasingly threatening the city's rating by international tourism organisations as one of the world's most beautiful cities and desirable holiday destinations, as residents continue to dump refuse illegally and indiscriminately fill our outdoor public spaces with litter.

"Children need to develop a sense of responsibility for themselves, others and the world in which they live in order to be contributing members of society," explains Johannesburg – based educational psychologist Melanie Hartgill.

Philip Roth Blake Bailey, 2021-05-26 I don't want you to rehabilitate me Philip Roth said to his only authorized biographer Blake Bailey Just make me interesting Granted complete independence and access Bailey spent almost ten years poring over Roth's personal archive interviewing his friends lovers and colleagues and listening to Roth's own breathtakingly candid confessions Cynthia Ozick in her front page rave for the New York Times Book Review described Bailey's monumental biography as a narrative masterwork As in a novel what is seen at first to be casual chance is revealed at last to be a steady and powerfully demanding drive under Bailey's strong light what remains on the page is one writer's life as it was lived and almost as it was felt Though Roth is generally considered an autobiographical novelist his alter egos include not only the Roth like writer Nathan Zuckerman but also a recurring character named Philip Roth relatively little is known about the actual life on which so vast an oeuvre was supposedly based Bailey reveals a man who by design led a highly compartmentalized life a tireless

champion of dissident writers behind the Iron Curtain on the one hand Roth was also the Mickey Sabbath like rou who pursued scandalous love affairs and aspired t o affront and affront and affront till there was no one on earth unaffronted the man who was pilloried by his second wife the actress Claire Bloom in her 1996 memoir Leaving a Doll s House Towering above it all was Roth s achievement thirty one books that give us the truest picture we have of the way we live now as the poet Mark Strand put it in his remarks for Roth s Gold Medal at the 2001 American Academy of Arts and Letters ceremonial Tracing Roth s path from realism to farce to metafiction to the tragic masterpieces of the American Trilogy Bailey explores Roth s engagement with nearly every aspect of postwar American culture **America's Dream Palace** Osamah F. Khalil,2016-10-17 As the postwar U S national security establishment required Middle Eastern expertise it cultivated a beneficial relationship with universities But by the time the Bush administration declared its Global War on Terror Osamah Khalil shows think tank agendas aligned with neoconservative goals were the drivers of America s foreign policy **Flight Risk** Forrest L. Marion,2018-10-15 From the 1920s Afghanistan maintained a small air arm that depended heavily upon outside assistance Starting in 2005 the United States led an air advisory campaign to rebuild the Afghan Air Force AAF In 2007 a formal joint combined entity led by a U S Air Force brigadier general began air advisor work with Afghan airmen Between 2007 and 2011 these efforts made modest progress in terms of infrastructures personnel and aircraft accessions and various training courses But by 2010 advisors increasingly viewed AAF command and control C2 as a problem area that required significant improvement if a professional air force was to be built In the spring of 2011 major institutional changes to AAF C2 procedures were being introduced when nine U S air advisors were killed The attack was the worst single incident loss of U S Air Force personnel in a deployed location since 1996 and the worst insider attack since 2001 From the day of that tragic event the cultural chasm between Afghanistan and the West became more apparent This dilemma continues with no end in sight to an air advisory mission of uncertain long term value Responses to the 'Arabellions' Tanja Börzel,Assem Dandashly,Thomas Risse,2017-10-02 This book studies the reactions by external actors including the European Union to the events unfolding in the Arab world beginning in December 2010 In particular contributors look at external actors attempts to balance their desire for stability with their normative principles toward human rights and democracy The book compares the action and inaction of the EU with other international and regional players including the United States Russia Turkey and Israel and assesses the response of these actors to the Arabellions events analysing changes in their approaches to the Arab region The contributions to this book answer three questions 1 How have external actors assessed the Arabellions and what role did they see for themselves in this context 2 Which goals and instruments did external actors pursue toward the MENA region In particular how did they deal with conflicting goals such as support for human rights and democracy on the one hand and concerns about security and stability on the other 3 How can we explain the varying responses of external actors to the Arabellions This book was published as a special issue of the Journal of European Integration **Political Handbook of**

the World 2018-2019 Tom Lansford, 2019-03-19 The Political Handbook of the World provides timely thorough and accurate political information with more in depth coverage of current political controversies than any other reference guide. The updated 2018-2019 edition will continue to be the most authoritative source for finding complete facts and analysis on each country's governmental and political makeup. Compiling in one place more than 200 entries on countries and territories throughout the world, this volume is renowned for its extensive coverage of all major and minor political parties and groups in each political system. It also provides names of key ambassadors and international memberships of each country plus detailed profiles of more than 30 intergovernmental organizations and UN agencies. This comprehensive update will include coverage of current events, issues, crises, and controversies from the course of the last two years, including Elections across Europe, Referendum in Ireland, Rohingya genocide in Myanmar, The Venezuelan dictatorship, The renaming of Swaziland to eSwatini, Qatar diplomacy changes, Historic meeting between the United States and North Korea, Establishment of a new governing coalition in Liberia.

English Learners' Access to Postsecondary Education Yasuko Kanno, 2021-09-09 Why does a public high school, despite having resources and educators with good intentions, end up graduating English learners (ELs) without preparing them for college and career? This book answers this question through a longitudinal ethnographic case study of a diverse high school in Pennsylvania. The author takes the reader on a journey with seven EL students through their last two years of high school, exploring how and why none of them reached the postsecondary destinations they originally aspired to. This book provides a sobering look into the systemic undereducation of high school ELs and the role of high schools in limiting their postsecondary options.

Island of the Blue Dolphins Scott O'Dell, 2024-04-09 This is the first authoritative edition of one of the most significant children's books of the twentieth century. Winner of the 1961 Newbery Medal, *Island of the Blue Dolphins* tells the story of a girl left alone for eighteen years in the aftermath of violent encounters with Europeans on her home island off the coast of Southern California. This special edition includes two excised chapters published here for the first time, as well as a critical introduction and essays that offer new background on the archaeological, legal, and colonial histories of Native peoples in California. Sara L. Schwebel explores the composition history and editorial decisions made by author Scott O'Dell that ensured the success of *Island of the Blue Dolphins* at a time when second-wave feminism, the civil rights movement, and multicultural education increasingly influenced which books were taught. This edition also considers how readers might approach the book today when new archaeological evidence is emerging about the Lone Woman of San Nicolas Island, on whom O'Dell's story is based, and Native peoples are engaged in the reclamation of indigenous histories and ongoing struggles for political sovereignty.

Reconceptualizing English Education in a Multilingual Society Isabel Pefianco Martin, 2018-03-01 This book brings together chapters that describe, investigate, and analyze the place of English in education in multilingual Philippines. Unlike most studies on languages in education, which take a neutral, decontextualized stance, this volume takes a pluricentric view of the English language by positioning it in relation to its varieties, as well as to

other languages in the country Because of the changing realities of English in the Philippines traditional assumptions about the language as monolithic and unchanging as well as about how it should be taught and learned need to be revisited and re conceptualized *Early History of Soybeans and Soyfoods Worldwide (1915-1923)* William Shurtleff; Akiko

Law and Regulation Francesca Bignami,David Zaring,2016-09-30 Governance by regulation rules propounded and enforced by bureaucracies is taking a growing share of the sum total of governance Once thought to be an American phenomenon it is now a central form of state action in every part of the world including Europe Latin America and Asia and it is at the core of much international lawmaking In *Comparative Law and Regulation* original contributions by leading scholars in the field focus both on the legal dimension of regulation and on how this dimension operates in those places that have turned to regulation to meet their obligations *History of U.S. Federal and State Governments' Work with Soybeans (1862-2017)*

William Shurtleff; Akiko Aoyagi,2017-04-24 The world s most comprehensive well documented and well illustrated book on this subject With extensive subject and geographical index 362 photographs and illustrations Free of charge in digital PDF format on Google Books **Integration, Identity and Language Maintenance in Young Immigrants** Ludmila

Isurin,Claudia Maria Riehl,2017-04-12 The volume presents a selection of contributions related to integration adaptation language attitudes and language change among young Russian speaking immigrants in Germany At the turn of the century Germany which defined itself as a mono ethnic and mono racial society has become a country integrating various immigrant groups Among those there are three different types of Russian immigrants Russian Germans Russian Jews and ethnic Russians all three often perceived as Russians by the host country The three groups have the same linguistic background but a different ethnicity known as nationality a separate entry in Russian official documents This defined the immigration paths and the subsequent integration into German society where each group strives to position itself in relation to two other groups in the same migrant space The book discusses the complexities of belonging and self other assignment to groups as well as the attitude to language maintenance among young Russian speaking immigrants
