

A Dad is a person  
who is loving and kind,  
And often he knows  
what you have on your mind.  
He's someone who listens,  
suggests, and defends.  
A dad can be one  
of your very best friends!  
He's proud of your triumphs,  
but when things go wrong,  
A dad can be patient  
and helpful and strong  
In all that you do,  
a dad's love plays a part.  
There's always a place for him  
deep in your heart.  
And each year that passes,  
you're even more glad,  
More grateful and proud  
just to call him your dad!  
Thank you, Dad...  
for listening and caring,  
for giving and sharing,  
but, especially, for just being you!  
Happy Father's Day

*We Can't Breathe* Jabari Asim, 2018-10-16 A Finalist for the PEN Diamonstein Spielvogel Award for the Art of the Essay Insightful and searing essays that celebrate the vibrancy and strength of black history and culture in America by critically acclaimed writer Jabari Asim A fantastic essay collection Blending personal reflection with historical analysis and cultural and literary criticism these essays are a sharp illuminating response to the nation's continuing racial conflicts Ron Charles The Washington Post In *We Can't Breathe* Jabari Asim disrupts what Toni Morrison has exposed as the Master Narrative and replaces it with a story of black survival and persistence through art and community in the face of centuries of racism In eight wide ranging and penetrating essays he explores such topics as the twisted legacy of jokes and falsehoods in black life the importance of black fathers and community the significance of black writers and stories and the beauty and pain of the black body What emerges is a rich portrait of a community and culture that has resisted survived and flourished despite centuries of racism violence and trauma These thought provoking essays present a different side of American history one that doesn't depend on a narrative steeped in oppression but rather reveals black voices telling their own stories **The**

**Two-Parent Privilege** Melissa S. Kearney, 2023-09-18 The surprising story of how declining marriage rates are driving many of the country's biggest economic problems In *The Two Parent Privilege* Melissa S. Kearney makes a provocative data driven case for marriage by showing how the institution's decline has led to a host of economic woes problems that have fractured American society and rendered vulnerable populations even more vulnerable Eschewing the religious and values based arguments that have long dominated this conversation Kearney shows how the greatest impacts of marriage are in fact economic when two adults marry their economic and household lives improve offering a host of benefits not only for the married adults but for their children Studies show that these effects are today starker and more unevenly distributed than ever before Kearney examines the underlying causes of the marriage decline in the US and draws lessons for how the US can reverse this trend to ensure the country's future prosperity Based on more than a decade of economic research including her original work Kearney shows that a household that includes two married parents holding steady among upper class adults increasingly rare among most everyone else functions as an economic vehicle that advantages some children over others As these trends of marriage and class continue the compounding effects on inequality and opportunity grow increasingly dire Their effects include not just children's behavioral and educational outcomes but a surprisingly devastating effect on adult men whose role in the workforce and society appears intractably damaged by the emerging economics of America's new social norms For many the two parent home may be an old fashioned symbol of the idyllic American dream But *The Two Parent Privilege* makes it clear that marriage for all its challenges and faults may be our best path to a more equitable future By confronting the critical role that family makeup plays in shaping children's lives and futures Kearney offers a critical assessment of what a decline in marriage means for an economy and a society and what we must do to change course

**Flaming?** Alisha Lola Jones, 2020-06-09 Male centered theology a dearth of men in the pews and an overrepresentation of queer males in music ministry these elements coexist within the spaces of historically black Protestant churches creating an atmosphere where simultaneous heteropatriarchy and real masculinity anxieties archetypes of the alpha male preacher the effeminate choir director and homo antagonism are all in play The flamboyant male vocalists formed in the black Pentecostal music ministry tradition through their vocal styles gestures and attire in church services display a spectrum of gender performances from hyper masculine to feminine masculine to their fellow worshippers subtly protesting and critiquing the otherwise heteronormative theology in which the service is entrenched And while the performativity of these men is characterized by cynics as flaming a similar musicalized fire that of the Holy Spirit moves through the bodies of Pentecostal worshippers endowing them religio culturally physically and spiritually like fire shut up in their bones Using the lenses of ethnomusicology musicology anthropology men s studies queer studies and theology *Flaming The Peculiar Theopolitics of Fire and Desire in Black Male Gospel Performance* observes how male vocalists traverse their tightly knit social networks and negotiate their identities through and beyond the worship experience Author Alisha Jones ultimately addresses the ways in which gospel music and performance can afford African American men not only greater visibility but also an affirmation of their fitness to minister through speech and song

*The Presidential Campaign of Barack Obama* Dewey M. Clayton, 2010-05-13 In the early twenty first century race still occupies a dominant role in American politics Despite this truism presidential candidate Barack Obama was uniquely poised to transcend both race and party as the first African American to have a realistic chance of winning the presidency Previous contenders running in the traditional mode of the Civil Rights Movement based their appeal primarily on African American voters Obama on the other hand ran a deracialized campaign in an effort to appeal to voters of different backgrounds and political parties Clayton examines how race in American politics has changed over time and offers an explanation for why Obama s candidacy offers a different roadmap for the future *The Presidential Campaign of Barack Obama* provides students of politics inside and outside of the classroom a unique opportunity to explore the institutional and structural challenges an African American faces in becoming the president of the United States This guide to major issues in Black politics and the ins and outs of the 2008 campaign provides the necessary contours for understanding how the highest elected African American official won office

*The Greatest Gift I Could Offer* Barack Obama, 2009 Presents a collection of quotations by Obama on the subject of parenting and family accompanied by commentary about his life parenting style and family relationships

**The Race Whisperer** Melanye T Price, 2016-07-26 Nearly a week after George Zimmerman was found not guilty of killing Trayvon Martin President Obama walked into the press briefing room and shocked observers by saying that Trayvon could have been me He talked personally and poignantly about his experiences and pointed to intra racial violence as equally serious and precarious for black boys He offered no sweeping policy changes or legislative agendas he saw them as futile Instead he suggested that prejudice would

be eliminated through collective efforts to help black males and for everyone to reflect on their own prejudices Obama's presidency provides a unique opportunity to engage in a discussion about race and politics In *The Race Whisperer* Melanye Price analyzes the manner in which Barack Obama uses race strategically to engage with and win the loyalty of potential supporters This book uses examples from Obama's campaigns and presidency to demonstrate his ability to authentically tap into notions of blackness and whiteness to appeal to particular constituencies By tailoring his unorthodox personal narrative to emphasize those parts of it that most resonate with a specific racial group he targets his message effectively to that audience shoring up electoral and governing support The book also considers the impact of Obama's use of race on the ongoing quest for black political empowerment Unfortunately racial advocacy for African Americans has been made more difficult because of the intense scrutiny of Obama's relationship with the black community Obama's unwillingness to be more publicly vocal in light of that scrutiny and the black community's reluctance to use traditional protest and advocacy methods on a black president Ultimately though *The Race Whisperer* argues for a more complex reading of race in the age of Obama breaking new ground in the study of race and politics public opinion and political campaigns

**Why Gender?** Jude Browne, 2021-10-07 World famous scholars from a wide range of disciplinary backgrounds each consider the same question why is gender so important for understanding the world in which we live

**Agency** Ian V. Rowe, 2022-05-16 Every child in America deserves to know that a path to a successful life exists and that they have the power to follow it But many never set foot on that path because they grow up hearing the message that systemic forces control their destinies or that they are at fault for everything that has gone wrong in their lives These children often come from difficult circumstances Many are raised by young single parents live in disadvantaged neighborhoods attend substandard schools and lack the moral safeguards of religious and civic institutions As a result they can be dispirited into cycles of learned helplessness rather than inspired to pursue their own possibilities Yet this phenomenon is not universal Some children thrive where others do not Why Are there personal behaviors and institutional supports that have proven to make a difference in helping young people chart a course for their futures Agency answers with a loud and clear yes This book describes four pillars that can uplift every young person as they make the passage into adulthood Family Religion Education and Entrepreneurship Together these pillars embody the true meaning of freedom wherein people are motivated to embrace the ennobling responsibilities of building healthy social structures and shaping the outcomes of their own lives For that reason Ian Rowe calls the four pillars the FREE framework With this framework in place children are empowered to develop agency which Rowe defines as the force of one's free will guided by moral discernment Developing agency is the alternative to the debilitating blame the system and blame the victim narratives It transcends our political differences and beckons all who dare to envision lives unshackled by present realities In addition to making the case for agency Rowe shares his personal story of success coming from an immigrant family He defends America as an ever improving country worthy of our esteem He corrects misguided calls for

anti racism and equity and champions a game plan for creating new agents of agency dedicated to promoting the aspirational spirit of America s children and showing them the path that will set them FREE      Daughters in Danger Elayne

Bennett,2014-02-04 Respected family advocate Elayne Bennett brings hope and encouragement to families and shows the way to save our daughters from the many threats they face Many girls today are caught up in a world that devalues them and prioritizes perceived needs and desires in ways that will break their very hearts Much of our culture undermines girls and damages their souls Elayne Bennett has worked tirelessly in urban suburban and rural environments to bring hope and guidance to the lives of girls In Daughters in Danger she reveals How American families can rescue daughters from the negative and destructive patterns of our culture Why progressive feminism is the wrong answer and an inadequate solution How mothers and fathers sisters and brothers friends schools colleges and universities can be involved in saving our daughters The success of the Best Friends and Best Men program models We all especially families bear the responsibility for encouraging and supporting training and directing loving and cherishing daughters everywhere This book is an inspiring call to take action for their sakes      **Right Angle** Sharron Angle,2011-05-23 In 2009 Republican Nevada state legislator

Sharron Angle declared her candidacy against Democrat United States Senate Majority Leader Harry Reid one of the most powerful men in the nation Thus began a whirlwind year that would take Angle a former teacher and housewife from relative obscurity to becoming a leading voice in the surging TEA Party movement Reid and the political establishment spent millions of dollars telling voters about their version of Sharron Angle In Right Angle youll meet the real Sharron Angle in her own words Youll meet the concerned mother who ran for the local school board to help change homeschooling laws Youll follow Sharron during her run against her own partys big government establishment to win a seat in the Nevada Legislature and throughout her subsequent ghts to preserve the Constitution      *From Grace to Glory. . .* Naomi Ruth Jones

Kilpatrick,2017-04-04 This book chronicles a life long journey of stunning and tragic events It took some five plus years of a backward glance to describe that journey It begins within the doors of a small seemingly insignificant church on the south side of Chicago where ordinary people did extraordinary things a little assembly of believers gathered together in the Lord s name The church had been founded by an icon a giant in the Christian community named B M Nottage who started along with his brothers several assemblies in Chicago Detroit Cleveland and other cities This book From Grace to Glory gives a vivid picture of the marvelous grace of God and his unbounded unlimited mercy through great tragedy and devastating losses Read the shocking unpleasant history of this little church and its resilience through it all Laugh out loud in A Little Bit About A Lot of Things as you look at Bob Hope s jokes and Mae West s one liners Read the jaw dropping You in six words from Oprah Winfrey Go back to another era of great books outstanding movies and awe inspiring music Share in the great pride of cultural icons who contributed so much to our country and ultimately to the whole world Don t miss the chapter on the Onslaught of Nines where you will discover unknown facts or surprising facts or maybe not new facts or just affirmation for

the people places and things You will wonder what is the Fine As Wine In the Summertime chapter all about And then this book gives a vivid picture of the great love and the deep ties of family a family with an ancestor who could not read or write but amassed a fortune in land and property Love of family runs through this family whether you are rich and famous or poor and needy or somewhere in between All families can affirm this but this book tells it in a different way in a different format By reading From Grace to Glory A little Bit About A Lot of Things we are reminded of what is important in life We are encouraged by the dear ones who have gone on before us We can build on that strong love that strong foundation that has been left and we can trust our God to take us from His grace to His glory as we continue on life s journey **I Heart**

**It's a Setup** Timothy Black,Sky Keyes,2021 The expectation for fathers to be more involved with parenting their children and pitching in at home are higher than ever yet broad social political and economic changes have made it more difficult for low income men to be fathers In It s a Setup Timothy Black and Sky Keyes ground a moving and intimate narrative in the political and economic circumstances that shape the lives of low income fathers Based on 138 life history interviews they expose the contradiction that while the norms and expectations of father involvement have changed rapidly within a generation labor force and state support for fathering on the margins has deteriorated Tracking these life histories they move us through the lived experiences of job precarity welfare cuts punitive child support courts public housing neglect and the criminalization of poverty to demonstrate that without transformative systemic change individual determination is not enough Fathers on the social and economic margins are setup to fail

God in Captivity Tanya Erzen,2017-03-07 An eye opening account of how and why evangelical Christian ministries are flourishing in prisons across the United States It is by now well known that the United States incarceration rate is the highest in the world What is not broadly understood is how cash strapped and overcrowded state and federal prisons are increasingly relying on religious organizations to provide educational and mental health services and to help maintain order And these religious organizations are overwhelmingly run by nondenominational Protestant Christians who see prisoners as captive audiences Some twenty thousand of these Evangelical Christian volunteers now run educational programs in over three hundred US prisons jails and detention centers Prison seminary programs are flourishing in states as diverse as Texas and Tennessee California and Illinois and almost half of the federal prisons operate or are developing faith based residential programs Tanya Erzen gained inside access to many of these programs spending time with prisoners wardens and members of faith based ministries in six states at both male and female penitentiaries to better understand both the nature of these ministries and their effects What she discovered raises questions about how these ministries and the people who live in prison grapple with the meaning of punishment and redemption as well as what legal and ethical issues emerge when conservative Christians are the main and sometimes only outside forces in a prison system that no longer offers even the

pretense of rehabilitation Yet Erzen also shows how prison ministries make undeniably positive impacts on the lives of many prisoners men and women who have no hope of ever leaving prison can achieve personal growth a sense of community and a degree of liberation within the confines of their cells With both empathy and a critical eye God in Captivity grapples with the questions of how faith based programs serve the punitive regime of the prison becoming a method of control behind bars even as prisoners use them as a lifeline for self transformation and dignity The Cambridge Companion to Hip-Hop Justin A. Williams,2015-02-12 This Companion covers the hip hop elements methods of studying hip hop and case studies from Nerdcore to Turkish German and Japanese hip hop *We Will Not Be Silenced* Erwin W. *George Washington and Political Fatherhood* Heinz Tschachler,2020-02-20 More than two hundred years after his death George Washington is still often considered the metaphorical father of the United States He was first known as the Father of His Country during his lifetime when the American people bestowed the title upon him as a symbolic act of resistance and rebirth Since then presidents have stood as paternal figureheads for America often serving as moral beacons This book tracks political fatherhood throughout world history from the idea of the pater patriae in Roman antiquity to Martin Luther s Bible translations and beyond Often using George Washington as a paradigm the author explores presidential iconography in the U S propaganda and the role of paternal rhetoric in shaping American sociopolitical history including the results of the 2016 presidential election
