Biological integrity James Harold Doyle, 1921 The Borders of Empathy in Children's Fiction Macarena

García-González, 2025-06-16 The Borders of Empathy in Children's Fiction centres the question of how reading fiction develops our moral imagination and our capacities to think and feel with others The question is approached with a good dose of scepticism revising tensions between ethical aesthetical and pedagogical dimensions when certain books films and other cultural materials are recommended for children This volume examines how texts addressed to children are meant to assist socioemotional education and whether we put forward adultist assumptions around such conceptualisations of the emotional The book is organised into nine chapters with some of them focusing on difficult themes such as violence xenophobia death migration as well as gender and social exclusions and some others on more general relationships between emotions media and education The chapters combine a textual analysis of recommended cultural materials for children with insights from empirical research and ethnographic approaches to children's cultures A common thread throughout the book is the open question about the epistemic injustices in knowing children and childhood and how this may be overcome by shifting our research practices with posthumanist philosophies The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

John Calvin's Bible Commentaries On Isaiah 17- 32 John Calvin, All who take delight in the Holy Scriptures are familiarly acquainted with the writings of The Prophet Isaiah Every variety of taste finds in them its appropriate gratification Lofty conceptions illustrated by splendid imagery and clothed in language usually copious and flowing some times abrupt but always graceful leave no room for hesitation to pronounce him with Bishop Lowth to be the most sublime and elegant of the Prophets of the Old Testament He is regarded with peculiar veneration as an honest fearless and able messenger of the Most High God boldly reproving nobles

and monarchs denouncing the judgments of Heaven against all transgressors and asserting the claims of the Divine law and government above all human authority In his Prophecies he takes a wide range surveys those nations which power or wealth or learning or commerce had raised to the highest celebrity in those remote times and describes their rise and fall and wonderful revolutions so eagerly traced lay us in the page of history as the execution of Jehovah s counsels and the arrangements of unerring wisdom But chiefly does he pour out rich instruction concerning the Messiah whose life and sufferings and death and glorious reign he delineates so faithfully and with such thrilling interest that he has obtained the appellation of The Evangelical Prophet *Catalog of Copyright Entries* Library of Congress.
