### **From My Sisters Lips Naima B Robert:**

**From My Sisters' Lips** Na'ima bint Robert, Naima Bint Robert, 2005 Covered from head to toe with only her eyes visible the sight of a Muslim woman on a western city street rarely fails to provoke a strong reaction Feelings of shock horror repulsion pity or even fear are not uncommon But have you ever wondered who it is behind the veil and what makes her tick Ever wondered what her life is really like and whether her dreams hopes and aspirations differ from yours Now in FROM MY SISTERS LIPS Na ima B Robert offers a rare glimpse into the lives of a community of women most of whom are converts to Islam and invites you to share their joys sorrows convictions and faith years ago it was not a decision taken lightly Yet soon after she took the first tentative steps towards covering she felt empowered no longer judged on physical appearances alone no longer seeking the approval to feel beautiful or using her looks to wield power over men the experience effected her greatly Before long she grew in confidence and courage As she says Something just clicked I thought Good don t look don t compare me with your latest squeeze don t try and guess my measurements my body is my own business As Na ima recounts the compelling story of her conversion to Islam she also offers first hand accounts of just some of the extraordinary Muslim women she has come to know in recent years women like herself who have chosen to live behind the veil What emerges is a vivid and intimate portrait of a sisterhood as they speak candidly and with conviction on a diverse range of subjects ranging from marriage to motherhood stereotypes submission and self image we hear the strong proud voices of those who are seldom heard world usually seen only by those privileged enough to be admitted to it s inner circle It is also a celebration of womanhood a celebration of those who have chosen to live behind the veil

**Wearing the Niqab** Anna Piela, 2021-01-14 Bringing niqab wearers voices to the fore discussing their narratives on religious agency identity social interaction community and urban spaces Anna Piela situates women s accounts firmly within UK and US socio political contexts as well as within media discourses on Islam The niqab has recently emerged as one of the most ubiquitous symbols of everything that is perceived to be wrong with Islam barbarity backwardness exploitation of women and political radicalization Yet all these notions are assigned to women who wear the niqab without their consultation niqab debates are held without their voices being heard and when they do speak their views are dismissed However the picture painted by the stories told here demonstrates that for these women religious symbols such as the niqab are deeply personal freely chosen multilayered and socially situated Wearing the Niqab gives voice to these women and their stories and sets the record straight enhancing understanding of the complex picture around niqab and religious identity and agency

**Should a Liberal State Ban the Burqa?** Brandon Robshaw, 2020-05-14 Debates about whether the Wahhabist practice of face veiling for women should be banned in modern liberal states tend to generate more heat than light This book brings clarity to what can be a confusing subject by disentangling the different strands of the problem and breaking through the accusations of misogyny and Islamophobia Explaining and expounding the ideas of giants of the liberal tradition including Locke Mill and Rawls as well as contemporary thinkers like Nussbaum Kymlicka and Oshana the book considers a variety of conceptions of liberalism and how they affect the response to the question Directly addressing issues facing many of today's societies it unpicks whether paternalism on grounds of welfare can be justified within liberalism the value of personal autonomy and the problem of whether a socially influenced choice counts as a genuine preference Covering the role of multiculturalism gender issues and feminism this comprehensive philosophical study of a major political question gets to the heart of whether a ban could be justified in principle and also questions whether any such ban could prove efficacious in achieving its end
