The Brutal Reality of Day Trading for Beginners J.R. Calcaterra, Trading is absolutely the most difficult challenge that you will undertake in your life and will test your emotions patience and be more

than you ever could be prepared for as a self directed beginner trader While trading is certainly easy once you know what to do learning it and becoming successful at it can be long and brutally hard or slow and consistent that part is up to you The brutal truth is that there does not have to be failure to gain success if you have the right information from the very first day you start off learning this business Unfortunately though brand new investors and traders are given mostly the wrong information and taught to do things that in the real world of trading in live markets are not even realistic to do and can cause them to lose money right away Some of the things you will read in *The Brutal Reality of Day Trading for Beginners* are harsh for sure however they are the truth in trading *The Brutal Reality of Day Trading for Beginners* is designed to give the brand new self directed beginner investor and trader a harsh reality check on trying to do this business and not having thought it through or having and working from a rule based plan The basic information they need to get going and start making money right away in the financial markets is within this short book Everything that is in this book must be done by all brand new investors and traders All successful market participants have had to do everything that is discussed in this book there are zero shortcuts and should you try to take one and not learn what *The Brutal Reality of Day Trading for Beginners* tells you you will most assuredly lose some or all of your hard earned capital The information *The Brutal Reality of Day Trading for Beginners* will help you to cut down your learning curve and put you on the fast track to making real income from the live financial markets right away if you can grasp the basic principles right away There is no timetable set in stone on how long it should take to learn to do this business the right way from the first day you don t need to be in any hurry because the market is always going to be there waiting to pay you *A Trader's Money Management System* Bennett A. McDowell, 2008-07-01 Money management may very well be the most important piece of the trading puzzle In *A Trader s Money Management System* expert Bennett McDowell provides time tested techniques that can turn a losing trader into a winning one and take the winning trader to an entirely new level In revealing his personal approach to staying out of trouble in the financial markets and maximizing profits he offers comprehensive insights into The psychology of risk control as well as the finer aspects of setting stop loss exits The value of managing trade size and consistent record keeping The process of putting together your own personal money management system Unlike other books that focus on the complex mathematical theories behind money management this book presents its system in straightforward easy to understand terms that will allow you to quickly see how these concepts work and immediately benefit from the value of effectively managing risk **The ART of Trading** Bennett A. McDowell, 2010-12-28 An expert in the field of finance reveals his proven trading system As a trading coach and financial advisor Bennett McDowell has used his own proprietary trading system Applied Reality Trading or ART to enhance the performance of his clients portfolios Now McDowell outlines the unique benefits of his system and makes the case for trading the reality not the fantasy of financial markets Readers will discover the importance of simplicity in a trading approach how to develop The Trader s Mindset how to use ART r technical analysis software and much more The ART of

Trading will enlighten readers in how to use reality to enrich both their financial portfolio and their own financial psychology
