

WORKBOOK

This new edition of *Integrated Chinese* is an outstanding achievement. Complete with interesting cultural notes, useful authentic materials, and a wealth of interactive exercises, the authors have outdone themselves AGAIN!

—Dr. Zhi-Ho Phoukwa City College

As a lecturer in languages (Italian and French) for over 25 years, I would like to compliment you on one of the very best sets of materials I have ever used.

—Dr. Massimo, Dong Chong University of Hong Kong

FEATURES

Throughout the workbook, exercises are labeled according to the three modes of communication as explained in ACTFL's "Standards for Foreign Language Learning in the 21st Century"

Authentic materials in each lesson—signs, forms, posters, menus, and more—build students' skills in interpreting the Chinese language in its native environment

Lively illustrations encourage students to answer questions directly in Chinese, without translating from English

Open-ended exercises engage students in the subject matter and ask them to relate the Chinese language to their own lives

A cumulative review unit after every five lessons serves as a periodic progress check

Chang & Niu's best-selling Chinese textbook series is new, revised, and better than ever! The first edition of the integrated Chinese workbook has been updated to meet the needs of today's students with a new layout, new literary design, updated vocabulary, more communicative tasks and even more exercises, and more authentic materials throughout.

The workbook provides graduated cultural practice for the four skills of listening, speaking, reading, and writing. The main text teaching features, each lesson is divided into four parts corresponding to the four sections of the lesson in the textbook. Recordings for listening exercises are available on the Integrated Chinese audio CDs.

The third edition workbook includes many topical and authentic materials that stimulate study life with topics and themes that are relevant and personal to each student. Revised and new materials reflect the language used to lead life and build extra students need to communicate in today's rapidly changing world.

The Integrated Chinese series is a total course system that includes textbooks, workbooks, character workbooks, audio CDs, audio tracks resources, and teacher resources. Student materials are available in both simplified and traditional character versions with an emphasis on practicing a broad range of written and oral communication skills and building cultural understanding. Integrated Chinese is ideally suited for students who want a comprehensive grounding in the Chinese language.

Ko-Yin Sung, 2019-10-23 Teaching and Learning Chinese as a Second or Foreign Language edited by Ko Yin Sung addresses
three emerging themes in the field of Chinese language teaching and learning 1 Increasingly ubiquitous in all language
learning and teaching and for the learning of Chinese as a second language in particular information and communication
technology ICT can serve as an important and effective tool Several chapters focus on how certain emerging ICT tools are
applied in teaching and learning Chinese as a second language 2 Due to China's economic and political influence the number
of students of all ages studying Chinese as a second language but especially young learners has increased in many parts of

the world Despite this the research into teaching Chinese to young learners has lagged behind Several chapters investigate young learners motivations and effective methods for assisting them to master the Chinese language 3 The writing system of the Chinese language poses many challenges for learners especially those more familiar with alphabetical languages In light of this difficulty in learning Chinese characters some of the chapters identify effective teaching and learning strategies to master the Chinese language *Newsletter* ,1995 *Integrated Chinese* ,2000 月月, 月, 月 Yuehua Liu,1997 **A**
